Professional Services Fee Schedule
Average Wholesale Price Fee Schedule

Drugs dispensed from a prescriber's office are reimbursed based on the following Average Wholesale Price Fee Schedule. Most fees are based on a percentage of the average wholesale price (AWP) or the average average wholesale price (AAWP) of the drug.

Because drug prices change frequently, these fees may be updated as needed throughout the year.

If the department's maximum fee does not cover your costs, you may submit a request for adjustment along with your invoice and request reimbursement up to your costs.

Fee schedule updates will be published on the Medical Aid Rules and Fee Schedules web site or can be requested by calling the Provider Hotline at 1-800-848-0811.

Professional Services Fee Schedule
Codes for Hospital Outpatient Use Only

Hospital outpatient services provided to injured workers covered by the State Fund are paid using three payment methods:

1. Ambulatory Payment Classification (APC) system;
2. Professional Services Fee Schedule
3. Percent of Allowed Charges

When the Professional Services Fee Schedule payment method applies and the “Dollar Value” column in the Professional Services Fee Schedule indicates “Hosp. Only,” the maximum payment is determined by the following fee schedule.

Refer to the “Facility Services” section of the department’s Payment Policies for information about the application of the Professional Services Fee Schedule payment method for hospital outpatient services.
