

## DOSH Community and Worker Right to Know Exemption Form

Employers who do not have hazardous chemicals can use this form to apply for exemption from the Community and Worker Right to Know program. You may supplement this form with additional information if needed. Submission of an exemption request does not relieve an employer of their obligation to pay the current fee assessment. Employers granted exemption will be removed from the listing of employers to be assessed a fee beginning with the current billing period. This will be reviewed via a survey every three years.
