RE: 2012 Supplemental Budget Request

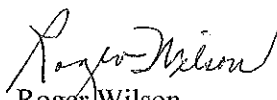

Dear Mr. Brown,

Enclosed are two policy level decision packages from the Department of Labor and Industries that we hope you will include in the governor's 2012 supplemental budget proposal to the legislature.

The inclusion of both decision packages enclosed in this submission will enable the department to respond to very recent developments on the road to implementation of Workers' Compensation reform enacted during the 2011 Legislative Session. These include an annual subscription to participate in a nationwide data exchange with other worker compensation insurers, and additional resources to circumvent an unforeseen obstacle in the development of the statewide Medical Provider Network.

Thank you in advance for your consideration. Please feel free to contact me at 902-6698 if you need any additional information.

Sincerely,

  
Roger Wilson  
Budget Director
