

# WASHINGTON STATE LOGGER SAFETY INITIATIVE

Keeping Washington loggers safe.

## Safety Alert

October 3, 2014

A number of programs throughout the region have developed injury prevention materials to help keep loggers safe. The Oregon Fatality Assessment and Control Evaluation (OR-FACE) program recently published three Toolbox Talk guides based on occupational fatalities in logging. They can be found by following the links below.

### **Logger Killed Under Rigging When Carriage Drops:**
