

STATE OF WASHINGTON
DEPARTMENT OF LABOR AND INDUSTRIES
Division of Occupational Safety and Health

P.O. Box 44600 • Olympia, Washington 98504-4600

August 22, 2017

Travis Brock, Committee Member
1427 Bedstone Dr. SE
Lacey, WA 98513

Dear Mr. Brock:

I am pleased to appoint you for a two-year term as a Business Co-chair of the Construction Advisory Committee. As you may know, the Construction Advisory Committee (CAC) was originally formed in 1986 as a forum for labor, business, and L&I to discuss solutions to a notable increase in fatalities from falls in Washington's construction industry. The Construction Advisory Committee is composed of business and labor representatives as well as members from the Department of Labor of Industries. The committee promotes safer and more productive worksites for Washington's contractors and their employees.

On behalf of the Construction Advisory Committee, your willingness to participate is appreciated.

Sincerely,

Craig Blackwood
L&I Deputy Assistant Director
Division of Occupational Safety and Health

cc: Anne Soiza, L&I Assistant Director, Division of Occupational Safety and Health
Cory Elliott, Labor Co-chair, Construction Advisory Committee
Kirk Baisch, Business Co-chair, Construction Advisory Committee
