

**WISHA SAFETY AND HEALTH STANDARDS
CURRENT VERSION AND UPDATES**

January 2011

The following is a list of the most current versions of WISHA's Safety and Health Standards; this list also includes all updates.

- 'Latest edition' – the last date the standard was published with all of the pages having the same date ('Latest edition' may also be referred to as 'issue' date on the cover of the standard or update).
- 'Form number' – the number assigned by the state printer for ordering and tracking, the last three numbers represent the update (if your update has a number such as F414.030.222, this means there are two updates for the standard).

We now offer you the opportunity to join the WISHA Standards listserv. The listserv will automatically notify you of any standard changes via e-mail. You can easily join the Standards Listserv by visiting [this link](#), entering your e-mail address, your name, and clicking on "Join the List." It's that simple. If you have any questions, please contact Jim Pavlicek at (360) 902-5439 or by e-mail pavj235@lni.wa.gov. If you require a paper copy, please contact your local service location.
