Environmental Medicine Clinic

Welcome

Alan Lundeen, DOSH Manager for Standards, Technical & Lab Services.

Mr. Lundeen welcomed all the participating stakeholders attending the meeting by phone and in person. He then introduced the first presenter.

SHARP Adult Blood Lead Epidemiology and Surveillance Program (ABLES) Database Presentation

Todd Schoonover PhD, SHARP presented lead data from the ABLES database covering the past ten years.

Mr. Schoonover explained that the ABLES data rarely gets reports of lead exposure from recreational activities.

The ABLES database receives several thousand blood level reports a year.

The full presentation is available [here](#).

DOSH Compliance Data Presentation

Terry Walley, DOSH Compliance Operations Manager presented DOSH Compliance Data from the past ten years.

Mr. Walley explained the primary differences between General Industry and Construction lead inspections.

The full presentation is available [here](#).

Summary

DOSH Lab Analytical Lead Data

Cheryl Christian, MS CIH from DOSH Technical Services, presented lab analytical data.

Ms. Christian explained how DOSH inspectors gather the different types of lead exposure samples and how the DOSH Lab tests the samples.

The full presentation is available [here](#).

Action Items:

None
