## INTRODUCTION

This document is an apprenticeship program standard. Apprenticeship program standards govern how an apprenticeship works and have specific requirements. This document will explain the requirements.

The director of the Department of Labor and Industries (L&I) appoints the Washington State Apprenticeship and Training Council (WSATC) to regulate apprenticeship program standards. The director appoints and deputizes an assistant director to be known as the supervisor of apprenticeship who oversees administrative functions through the apprenticeship section at the department.

The WSATC is the sole regulatory body for apprenticeship standards in Washington. It approves, administers, and enforces apprenticeship standards, and recognizes apprentices when either registered with L&I's apprenticeship section, or under the terms and conditions of a reciprocal agreement. WSATC also must approve any changes to apprenticeship program standards.

Apprenticeship programs have sponsors. A sponsor operates an apprenticeship program and declares their purpose and policy herein to establish an organized system of registered apprenticeship education and training. The sponsor recognizes WSATC authority to regulate and will submit a revision request to the WSATC when making changes to an apprenticeship program standard.

Apprenticeships are governed by federal law (29 U.S.C 50), federal regulations (29 CFR Part 29 & 30), state law (49.04 RCW) and administrative rules (WAC 296-05). These standards conform to all of the above and are read together with federal and state laws and rules

Standards are changed with WSATC approval. Changes are binding on apprentices, sponsors, training agents, and anyone else working under an agreement governed by the standards. Sponsors may have to maintain additional information as supplemental to these standards. When a standard is changed, sponsors are required to notify apprentices and training agents. If changes in federal or state law make any part of these standards illegal, the remaining parts are still valid and remain in force. Only the part made illegal by changes in law is invalid. L&I and the WSATC may cooperate to make corrections to the standards if necessary to administer the standards.

Sections of these standards identified as bold "insert text" fields are specific to the individual program standards and may be modified by a sponsor submitting a revised standard for approval by the WSATC. All other sections of these standards are boilerplate and may only be modified by the WSATC. See WAC 296-05-003 for the definitions necessary for use with these standards.

Sponsor Introductory Statement (Required):

**The following Standards of Apprenticeship have been prepared by representatives of the West Sound Pipe Trades, assisted by the Department of Labor & Industries,**

The sponsor must train inside the area covered by these standards. If the sponsor wants to train outside the area covered by these standards, the sponsor must enter a portability agreement with a sponsor outside the area, and provide evidence of such an agreement for compliance purposes. ### III. CONDUCT OF PROGRAM UNDER WASHINGTON EQUAL EMPLOYMENT OPPORTUNITY PLAN:

Sponsors with five (5) or more apprentices must adopt an Equal Employment Opportunity (EEO) Plan and Selection Procedure (Part D of chapter 296-05 WAC and 29 CFR Part 30).

## WEST SOUND PIPE TRADES APPRENTICESHIP COMMITTEE

or not the employer becomes signatory, an individual not qualifying as a journey level worker shall be evaluated by the sponsor and registered at the appropriate period of apprenticeship based on previous work experience and related training.

- b. An employee of a non-signatory employer not qualifying as a journey level worker who makes application as the result of organizing efforts, whether or not the employer becomes signatory shall be evaluated by the sponsor using constant, standard, non-discriminatory means and may be registered at the appropriate period of apprenticeship based on previous work experience and related training.
- c. The West Sound Pipe Trades Apprenticeship Committee encourages preparatory craft training to facilitate entry into apprenticeship. Consequently, those who complete the Job Corps training program or similar committee approved pre-apprenticeship training in the plumbing/pipefitting/sprinkler fitter craft areas may be given direct entry into the apprenticeship program. The sponsor shall evaluate the Job Corps training or similar committee approved pre-apprenticeship training received for granting appropriate credit on the term of apprenticeship. Entry of Job Corps graduates or graduates or similar committee approved pre-apprenticeship training shall be done without regard to race, color, religion, national origin, or sex.
- d. Those who graduate from an accredited technical training school that has been reviewed and approved by the International Pipe Trades - Joint Training Committee (IPT-JTC), in recognition of the critical training they have already received for occupations registered in the plumbing and pipefitting industry, may be given direct entry into the apprenticeship program. With the approval of the sponsor, such a new apprentice may start at the apprentice wage rate recommended by the IPT-JTC for graduates of that particular program. The sponsor will determine as to those new apprentices what training requirements they need to meet to ensure that they receive all the necessary training for completion of the apprenticeship program. Entry of technical training school graduates shall be done without regard to race, color, religion, national origin, or sex.
- e. U.S. Military Veterans and those serving in the National Guard may be granted direct entry into the apprenticeship program. They must provide a photocopy of their DD-214. The sponsor shall evaluate the military training received and on-the-job learning experience received for granting appropriate credit on the term of apprenticeship and the appropriate wage rate. Entry of military veterans shall be done without regard to race, color, religion, national origin, or sex.

## WEST SOUND PIPE TRADES APPRENTICESHIP COMMITTEE

- f. **Registered Native Americans who have secured work under a TERO project may receive direct entry into an apprenticeship as an apprentice provided that the Employer is an approved training agent of the sponsor**
  - g. **A journeyman member of the United Association of Journeymen and Apprentices of the Plumbing and Pipe Fitting Industry of the United States and Canada may request in writing a change of their classification and may receive direct entry into the apprenticeship program. The applicant shall be evaluated by the sponsor using consistent non-discriminatory means and registered at the appropriate period/step of apprenticeship based on previous work experience and related training.**
- B. Equal Employment Opportunity Plan:
- 1. Part I, Purpose:
    - a. **Recognizing the need of local Apprenticeship Committees for assistance from the national level in complying with revised Congressional Federal Register Order 29-30, the three national joint committees, plumbing, steamfitter-pipefitter, and sprinkler fitter have prepared a Joint Equal Employment Opportunity Plan (EEOP) for adoption at the local level.**
    - b. **An analysis of female and minority participation in existing pipe trades apprenticeship programs indicates that:**
      - (1) **Some but not enough females and minorities apply.**
      - (2) **Still fewer females and minorities complete the application and meet the minimum requirements;**
      - (3) **On average, those who are eligible do well in the selection process;**
      - (4) **The solution to the problem lies in better notification to female and minority groups, closer liaison with responsible groups interested in the same endeavor, personal contacts, application follow-up, and other Equal Employment Opportunity Plan (EEOP) procedures.**
    - c. **Adoption of this program indicates a good faith effort to increase the number of females and minority groups who successfully meet the minimum requirements established for admission to a pipe trades apprenticeship.**
  - 2. Part II, Scope:
    - a. **The program herein outlined consists of the following Equal Employment Opportunity Plan (EEOP) acts and may be altered and supplemented at a later date as experience indicates and as personnel and funds permit. Any changes made by the local Apprenticeship Committee shall become a part of this written program as adopted at the local level.**

## WEST SOUND PIPE TRADES APPRENTICESHIP COMMITTEE

- b. **Recognizing that it would be a public disservice to develop second-rate journey level workers, the local Apprenticeship Committee will maintain its standards of producing high quality journey level workers and will provide extra training when necessary to the extent that cost and personnel permit.**

### **3. Part III, Elements of Recruitment Program:**

**The local Apprenticeship Committee shall:**

- a. **Participate in workshops, if available, designed to familiarize all concerned with the apprenticeship system and current opportunities.**
- b. **Cooperate with school boards, community colleges and vocational schools to develop programs, which prepare students for entrance into apprenticeship.**
- c. **Disseminate information concerning equal opportunity - policies of the program sponsor(s).**
- d. **Use minority and women (minority and non-minority) journey level workers and apprentices to promote the Equal Employment Opportunity Plan (EEO).**
- e. **Select from lists of qualified applicants for apprenticeship, in other than ranking, so as to reach women (minority and non-minority) and minorities to meet goals and timetables.**

### **4. Part IV, Nondiscrimination:**

**The commitments contained in this Equal Employment Opportunity Plan (EEO) are not intended and shall not be used to discriminate against any qualified applicant or apprentice on the basis of race, color, religion, national origin, or sex. The sponsor shall take affirmative action to provide equal opportunity in apprenticeship and will operate the apprenticeship program as required under applicable law and lawful regulations issued thereunder.**

#### **C. Discrimination Complaints:**

Any apprentice or applicant for apprenticeship who believes they have been discriminated against may file a complaint with the supervisor of apprenticeship (WAC 296-05-443).

## **IV. TERM OF APPRENTICESHIP:**

## WEST SOUND PIPE TRADES APPRENTICESHIP COMMITTEE

The term of apprenticeship for an individual apprentice may be measured through the completion of the industry standard for on-the-job learning (at least two thousand hours) (time-based approach), the attainment of competency (competency-based approach), or a blend of the time-based and competency-based approaches (hybrid approach) [WAC 296-05-315].

- A. **The term of apprenticeship for Plumber, Steamfitter, and HVAC/Refrigeration Mechanic shall be 10,000 hours of reasonably continuous employment.**
- B. **The term of apprenticeship for Maintenance Plumber/Steamfitter shall be 8,000 hours of reasonably continuous employment.**
- C. **The term of apprenticeship for Residential Plumber and Marine Pipefitter shall be 6,000 hours of reasonably continuous employment.**

### **V. INITIAL PROBATIONARY PERIOD:**

An initial probationary period applies to all apprentices, unless the apprentice has transferred from another program. During an initial probationary period, an apprentice can be discharged without appeal rights. An initial probationary period is stated in hours or competency steps of employment. The initial probationary period is not reduced by advanced credit or standing. During an initial probationary period, apprentices receive full credit for hours and competency steps toward completion of their apprenticeship. Transferred apprentices are not subject to additional initial probationary periods [WAC 296-05-003].

The initial probationary period is [WAC 296-05-316(22)]:

- A. the period following the apprentice's registration into the program. An initial probationary period must not be longer than twenty percent of the term of the entire apprenticeship, or longer than a year from the date the apprenticeship is registered. The WSATC can grant exemptions for longer initial probationary periods if required by law.
- B. the period in which the WSATC or the supervisor of apprenticeship may terminate an apprenticeship agreement at the written request by any affected party. The sponsor or the apprentice may terminate the agreement without a hearing or stated cause. An appeal process is not available to apprentices in their initial probationary period.
  - 1. **The probationary period for Plumber, Steamfitter, and HVAC/Refrigeration Mechanic apprentices shall be the first 2,000 hours of employment.**
  - 2. **The probationary period for Maintenance Plumber/Steamfitter apprentices shall be the first 1,600 hours of employment.**
  - 3. **The probationary period for Residential Plumber and Marine Pipefitter apprentices shall be the first 1,200 hours of employment.**

**WEST SOUND PIPE TRADES APPRENTICESHIP COMMITTEE**

**VI. RATIO OF APPRENTICES TO JOURNEY LEVEL WORKERS**

Supervision is the necessary education, assistance, and control provided by a journey-level employee on the same job site at least seventy-five percent of each working day, unless otherwise approved by the WSATC. Sponsors ensure apprentices are supervised by competent, qualified journey-level employees. Journey level-employees are responsible for the work apprentices perform, in order to promote the safety, health, and education of the apprentice.

- A. The journey-level employee must be of the same apprenticeable occupation as the apprentice they are supervising unless otherwise allowed by the Revised Code of Washington (RCW) or the Washington Administrative Code (WAC) and approved by the WSATC.
- B. The numeric ratio of apprentices to journey-level employees may not exceed one apprentice per journey-level worker [WAC 296-05-316(5)].
- C. Apprentices will work the same hours as journey-level workers, except when such hours may interfere with related/supplemental instruction.
- D. Any variance to the rules and/or policies stated in this section must be approved by the WSATC.
- E. The ratio must be described in a specific and clear manner, as to the application in terms of job site, work group, department or plant:

**1. Ratio for Plumbers, Steamfitters, and Maintenance Plumber/Steamfitter, and HVAC/R Refrigeration Mechanic Apprentices:**

**The ratio shall not exceed one (1) apprentice to one (1) journey-level worker on any jobsite or in the shop.**

**2. Ratio for Residential Plumber Apprentices:**

<b>1 journey-level worker</b>	<b>1 Apprentice</b>
<b>2 journey-level workers</b>	<b>2 Apprentice</b>
<b>3 journey-level workers</b>	<b>3 Apprentice</b>
<b>4 journey-level workers</b>	<b>4 Apprentices</b>
<b>5 journey-level workers</b>	<b>5 Apprentices</b>
<b>6 journey-level workers</b>	<b>6 Apprentices</b>
<b>7 journey-level workers</b>	<b>7 Apprentices</b>
<b>8 journey-level workers</b>	<b>8 Apprentices</b>
<b>9 journey-level workers</b>	<b>9 Apprentices</b>

## **WEST SOUND PIPE TRADES APPRENTICESHIP COMMITTEE**

**Note: When additional apprentices are needed, the employer would be eligible for one (1) apprentice for every five (5) journey-level workers employed on the job or in the shop. However, in no event shall the ratio of apprentices to journey-level workers exceed one-to-one ratio.**

**The ratio shall not exceed one (2) apprentices to one (1) certified specialty plumber or journey-level plumber working as a specialty plumber on any one jobsite.**

(Variance approved 01/21/2016)

### **3. Ratio for Marine Pipefitter Apprentices:**

**The ratio shall not exceed one (1) apprentice to one (1) journey-level Marine Pipefitter on any one jobsite.**

### **4. All Residential Plumber and HVAC/Refrigeration Mechanic apprentices performing service work shall be allowed to work alone with the following conditions**

- a. Service work hours are 6:00 a.m. - 6:00 p.m., Monday - Saturday.**
- b. Service apprentices shall be able to contact a journeyperson or supervisor for answers and advice.**
- c. The journeyperson or supervisor shall ensure that the apprentice is receiving their on-the-job training and shall be responsible for their health and safety.**

**Any exception to the above must be pre-approved by the Coordinator or the Committee.**

## **VII. APPRENTICE WAGES AND WAGE PROGRESSION:**

- A. Apprentices must be paid at least Washington's minimum wage, unless a local ordinance or a collective bargaining agreement require a higher wage. Apprentices must be paid according to a progressively increasing wage scale. The wage scale for apprentices is based on the specified journey-level wage for their occupation. Wage increases are based on hours worked or competencies attained. The sponsor determines wage increases. Sponsors must submit the journey-level wage at least annually or whenever changed to the department as an addendum to these standards. Journey-level wage reports may be submitted on a form provided by the department. Apprentices and others should contact the sponsor or the Department for the most recent Journey-level wage rate.**
- B. Sponsors can grant advanced standing, and grant a wage increase, when apprentices demonstrate abilities and mastery of their occupation. When advanced standing is**

## WEST SOUND PIPE TRADES APPRENTICESHIP COMMITTEE

granted, the sponsor notifies the employer/training agent of the wage increase the apprenticeship program standard requires.

**IX. RELATED/SUPPLEMENTAL INSTRUCTION:**

The apprentice must attend related/supplemental instruction (RSI). Time spent in RSI shall not be considered as hours of work and the apprentice is not required to be paid.

RSI must be provided in safe and healthy conditions as required by the Washington Industrial Safety and Health Act and applicable federal and state regulations.

Hours spent in RSI are reported to L&I each quarter. Reports must show which hours are unpaid and supervised by a competent instructor versus all other hours (paid and/or unsupervised) for industrial insurance purposes.

For purposes of coverage under the Industrial Insurance Act, the WSATC is an employer and the apprentice is an employee when an unpaid, supervised apprentice is injured while under the direction of a competent instructor and participating in RSI activities.

If apprentices do not attend required RSI, they may be subject to disciplinary action by the sponsor.

A. The methods of related/supplemental training must be indicated below (check those that apply):

Supervised field trips

Sponsor approved training seminars (specify)

Sponsor approved online or distance learning courses (specify)

State Community/Technical college: **Olympic College**

Private Technical/Vocational college

1. Voluntary Suspension: A temporary interruption in progress of an individual's apprenticeship agreement at the request of the apprentice and granted by the sponsor. The program sponsor shall review apprentices in suspended status at least once each year to determine if the suspension is still appropriate.
2. Advanced Standing or Credit: The sponsor may provide for advanced standing or credit for demonstrated competency, acquired experience, training or education in or related to the occupation. All sponsors need to ensure a fair and equitable process is applied to all apprentices seeking advanced standing or credit per WAC 296-05-316 (11).
3. Sponsor Procedures:
  1. **In order to maintain a satisfactory balance in the training program, apprentices shall not be permitted to change their trade classification after being registered. However, the Apprenticeship Committee reserves the right to implement trade classification changes whenever it becomes necessary in order to prevent imbalances that may occur due to economic and market conditions.**

The employer and the union agree to carry out**

## WEST SOUND PIPE TRADES APPRENTICESHIP COMMITTEE

the instructions of the Apprenticeship Committee in this regard. The apprentice agrees to abide by any such determination by the Apprenticeship Committee, subject to the normal appeal procedures as spelled out in the these standards.

4. The apprentice will be evaluated by the Committee every six (6) months to determine eligibility for advancement in the training program and receiving the next scheduled pay increase. In these evaluations, consideration shall be given to school attendance, progress and daily employment record of the apprentice. Failure to achieve at least a passing grade on these evaluations may result in an extension of the apprentice's completion date and a corresponding delay in the apprentice's next pay increase as deemed necessary by the Committee.

Apprentices must maintain a satisfactory passing grade (C) (2.0) (70%) during the school year or they may be dropped from the apprenticeship program.

5. A maximum of two (2) absences in a school year may be allowed for:
  - a. Illness of apprentice (must be verified)
  - b. Shift work or overtime
  - c. Death in immediate family
  - e. Any other reasons deemed appropriate by the Committee.
6. Three (3) absences from class during the entire year will result in the apprentice's completion date being extended and additional three (3) months with a corresponding additional three (3) months delay in the apprentice's next scheduled pay increase. Any exceptions to this policy will be considered by the Committee at the apprentice's written request.

Four (4) absences from class during the entire year will result in the apprentice's completion date being extended an additional six (6) months with a corresponding additional six (6) months delay in the apprentice's next scheduled pay increase. Any exceptions to this policy will be considered by the Committee at the apprentice's written request.

Five (5) absences from class during the entire year will result in the apprentice being dropped from the apprenticeship program. Lateness for class or leaving early may be deemed by the Committee to be an unexcused absence for the apprentice. Any exceptions to this policy will be considered by the Committee at the apprentice's written request.

7. Text books and material shall be purchased by the apprentice before entering class in the fall. The apprentice shall be responsible for shop equipment and any loss shall be billed to the apprentice. The apprentice will be required to pay all necessary tuition costs each year.

- 10. If the apprentice fails to appear before the Apprenticeship Committee after due notice, disciplinary action may be invoked without a hearing.**
- 11. Temporary employment of registered apprentices from neighboring JATC shall be permitted whenever local apprentices are not available or whenever special skills are called for.
