INTRODUCTION

This document is an apprenticeship program standard. Apprenticeship program standards govern how an apprenticeship works and have specific requirements. This document will explain the requirements.

The director of the Department of Labor and Industries (L&I) appoints the Washington State Apprenticeship and Training Council (WSATC) to regulate apprenticeship program standards. The director appoints and deputizes an assistant director to be known as the supervisor of apprenticeship who oversees administrative functions through the apprenticeship section at the department.

The WSATC is the sole regulatory body for apprenticeship standards in Washington. It approves, administers, and enforces apprenticeship standards, and recognizes apprentices when either registered with L&I's apprenticeship section, or under the terms and conditions of a reciprocal agreement. WSATC also must approve any changes to apprenticeship program standards.

Apprenticeship programs have sponsors. A sponsor operates an apprenticeship program and declares their purpose and policy herein to establish an organized system of registered apprenticeship education and training. The sponsor recognizes WSATC authority to regulate and will submit a revision request to the WSATC when making changes to an apprenticeship program standard.

Apprenticeships are governed by federal law (29 U.S.C 50), federal regulations (29 CFR Part 29 & 30), state law (49.04 RCW) and administrative rules (WAC 296-05). These standards conform to all of the above and are read together with federal and state laws and rules

Standards are changed with WSATC approval. Changes are binding on apprentices, sponsors, training agents, and anyone else working under an agreement governed by the standards. Sponsors may have to maintain additional information as supplemental to these standards. When a standard is changed, sponsors are required to notify apprentices and training agents. If changes in federal or state law make any part of these standards illegal, the remaining parts are still valid and remain in force. Only the part made illegal by changes in law is invalid. L&I and the WSATC may cooperate to make corrections to the standards if necessary to administer the standards.

Sections of these standards identified as bold "insert text" fields are specific to the individual program standards and may be modified by a Sponsor submitting a revised standard for approval by the WSATC. All other sections of these standards are boilerplate and may only be modified by the WSATC. See WAC 296-05-003 for the definitions necessary for use with these Standards.

Sponsor Introductory Statement (Required):

APPRENTICESHIP COMMITTEE**

Operating Engineers, Local #280, and the signatory employers, assisted by the Washington State Department of Labor and Industries, Apprenticeship and Training Section.

I. GEOGRAPHIC AREA COVERED:

The sponsor must train inside the area covered by these Standards. If the sponsor wants to train outside the area covered by these standards, the sponsor must enter a portability agreement with a sponsor outside the area, and provide evidence of such an agreement for compliance purposes. Portability agreements permit training agents to use apprentices outside the area covered by the standards. Portability agreements are governed by WAC 296-05-303(4)(g).

The area covered by these Standards shall be as follows: the counties of Benton, Franklin, Walla Walla, Yakima, Kittitas, Chelan, Columbia, Okanogan and all Oregon counties laying east of a line formed by the Western boundaries of the following counties: Gilliam, Wheeler, Grant and Harney. Spokane County, Pend Oreille, Stevens, Garfield, Whitman, Ferry, Grant, Douglas, Lincoln, Adams, Asotin and all counties in the State of Idaho.

Applicants and apprentices please note that while the State of Washington has no responsibility or authority in the State of Idaho and the State of Oregon, the JATC will apply the same standards and guidelines to apprentices registered in the program while working in the State of Idaho and the State of Oregon.

III. CONDUCT OF PROGRAM UNDER WASHINGTON EQUAL EMPLOYMENT OPPORTUNITY PLAN:

Sponsors with five (5) or more apprentices must adopt an Equal Employment Opportunity (EEO) Plan and Selection Procedure (Part D of chapter 296-05 WAC and 29 CFR Part 30).

The recruitment, selection, employment and training of apprentices during their apprenticeship shall be without discrimination because of race, sex, color, religion, creed, national origin, age, sexual orientation, marital status, veteran or military status, the presence of a disability or any other characteristic protected by law. The Sponsor shall take positive action to provide equal opportunity in apprenticeship and will operate the apprenticeship program as required by the rules of the Washington State Apprenticeship and Training Council.

A. Selection Procedures:

The Apprenticeship program will be opened on an as needed basis. During the open period an application may be picked up in person or a written request can be mailed to PO Box 807, Richland, Washington 99352. There will be an application fee of \$15.00 for each packet mailed or picked up. This fee is payable by money order or cashiers check.

Persons desiring training of Apprenticeship under the Eastern Washington Operating Engineers Local #280 Apprenticeship Committee shall:

- 1. The Applicant will be given the Apprentice Applicant register form and will return same to the Apprenticeship Coordinator.**
- 2. The applicant will be instructed to provide high school and/or Equivalency transcripts of all school records, including college transcripts, DD214, if applicable; resume, work history, letters of recommendation and additional information the applicant feels beneficial. All applicable documents shall be returned with the application packet to the Training Coordinator.**
- 3. The Application process includes the following:**

**INTERNATIONAL UNION OF OPERATING ENGINEERS LOCAL #280
APPRENTICESHIP COMMITTEE**

total evaluation points (Maximum evaluation points 100). In the event that two or more applicants have an identical total evaluation score an additional interview will be conducted by the Apprenticeship Committee as a tie breaker.

- 4. New employers, i.e. private, public, political sub-divisions, municipalities, and governmental agencies, will have the one-time opportunity to pick apprentices from within, then will be required to draw from the program pool of eligibles.**

B. Equal Employment Opportunity Plan:

Exempt per WAC 296-05-405 (1)(a).

C. Discrimination Complaints:

Any apprentice or applicant for apprenticeship who believes they have been discriminated against may file a complaint with the supervisor of apprenticeship (WAC 296-05-443).

IV. TERM OF APPRENTICESHIP:

The term of apprenticeship for an individual apprentice may be measured through the completion of the industry standard for on-the-job learning (at least two thousand hours) (time-based approach), the attainment of competency (competency-based approach), or a blend of the time-based and competency-based approaches (hybrid approach) [WAC 296-05-315].

A. Facilities Custodial Services Technician:

The term of apprenticeship shall be two (2) years and not less than 4,000 hours of reasonably continuous employment.

B. Stationary Engineer:

The term of apprenticeship shall be four (4) years and not less than 8,000 hours of reasonably continuous employment.

V. INITIAL PROBATIONARY PERIOD:

An initial probationary period applies to all apprentices, unless the apprentice has transferred from another program. During an initial probationary period, an apprentice can be discharged without appeal rights. An initial probationary period is stated in hours or competency steps of employment. The initial probationary period is not reduced by

**INTERNATIONAL UNION OF OPERATING ENGINEERS LOCAL #280
APPRENTICESHIP COMMITTEE**

advanced credit or standing. During an initial probationary period, apprentices receive full credit for hours and competency steps toward completion of their apprenticeship. Transferred apprentices are not subject to additional initial probationary periods [WAC 296-05-003].

The initial probationary period is [WAC 296-05-316(22)]:

- A. The period following the apprentice's registration into the program. An initial probationary period must not be longer than twenty percent of the term of the entire apprenticeship, or longer than a year from the date the apprenticeship is registered. The WSATC can grant exemptions for longer initial probationary periods if required by law.
- B. The period in which the WSATC or the supervisor of apprenticeship may terminate an apprenticeship agreement at the written request by any affected party. The Sponsor or the apprentice may terminate the agreement without a hearing or stated cause. An appeal process is not available to apprentices during their initial probationary period.

C.

A. Facilities Custodial Services Technician:

All apprentices employed in accordance with these Standards shall be subject to a probationary period not exceeding the first 800 hours of reasonable continuous employment.

B. Stationary Engineer:

The probationary period shall be not less than the first six (6) months or 1039 hours of reasonably continuous employment.

VI. RATIO OF APPRENTICES TO JOURNEY LEVEL WORKERS:

Supervision is the necessary education, assistance, and control provided by a journey-level employee on the same job site at least seventy-five percent of each working day, unless otherwise approved by the WSATC. Sponsors ensure apprentices are supervised by competent, qualified journey-level employees. Journey level-employees are responsible for the work apprentices perform, in order to promote the safety, health, and education of the apprentice.

- A. The journey-level employee must be of the same apprenticeable occupation as the apprentice they are supervising unless otherwise allowed by the Revised Code of

**INTERNATIONAL UNION OF OPERATING ENGINEERS LOCAL #280
APPRENTICESHIP COMMITTEE**

Washington (RCW) or the Washington Administrative Code (WAC) and approved by the WSATC.

- B. The numeric ratio of apprentices to journey-level employees may not exceed one apprentice per journey-level worker [WAC 296-05-316(5)].
- C. Apprentices will work the same hours as journey-level workers, except when such hours may interfere with related/supplemental instruction.
- D. Any variance to the rules and/or policies stated in this section must be approved by the WSATC.
- E. The ratio must be described in a specific and clear manner, as to the application in terms of job site, work group, department or plant:
 - A. **Facilities Custodial Services Technician:**
One (1) apprentice per every three (3) journey-level workers employed in a specific facility or work unit.
 - B. **Stationary Engineer:**
One (1) apprentice per every four (4) engineers employed in a specific facility. There shall be no more than two (2) apprentices employed at one time in any specific facility, regardless of the number of journey-level workers employed in that facility at the time. An employer facility having three (3) or less engineers employed shall be entitled to one (1) apprentice.

VII. APPRENTICE WAGES AND WAGE PROGRESSION:

- A. Apprentices must be paid at least Washington's minimum wage, unless a local ordinance or a collective bargaining agreement require a higher wage. Apprentices must be paid according to a progressively increasing wage scale. The wage scale for apprentices is based on the specified journey-level wage for their occupation. Wage increases are based on hours worked or competencies attained. The sponsor determines wage increases. Sponsors must submit the journey-level wage at least annually or whenever changed to the department as an addendum to these standards. Journey-level wage reports may be submitted on a form provided by the department. Apprentices and others should contact the sponsor or the Department for the most recent Journey-level wage rate.
- B. Sponsors can grant advanced standing, and grant a wage increase, when apprentices demonstrate abilities and mastery of their occupation. When advanced standing is granted, the sponsor notifies the employer/training agent of the wage increase the apprenticeship program standard requires.
