INTRODUCTION

This document is an apprenticeship program standard. Apprenticeship program standards govern how an apprenticeship works and have specific requirements. This document will explain the requirements.

The director of the Department of Labor and Industries (L&I) appoints the Washington State Apprenticeship and Training Council (WSATC) to regulate apprenticeship program standards. The director appoints and deputizes an assistant director to be known as the supervisor of apprenticeship who oversees administrative functions through the apprenticeship section at the department.

The WSATC is the sole regulatory body for apprenticeship standards in Washington. It approves, administers, and enforces apprenticeship program standards, and recognizes apprentices when either registered with L&I’s apprenticeship section, or under the terms and conditions of a reciprocal agreement. WSATC also must approve any changes to apprenticeship program standards.

Apprenticeship programs have sponsors. A sponsor operates an apprenticeship program and declares their purpose and policy herein to establish an organized system of registered apprenticeship education and training. The sponsor recognizes WSATC authority to regulate and will submit a revision request to the WSATC when making changes to an apprenticeship program standard.

Apprenticeships are governed by federal law (29 U.S.C 50), federal regulations (29 CFR Part 29 & 30), state law (49.04 RCW) and administrative rules (WAC 296-05). These standards conform to all of the above and are read together with federal and state laws and rules.

Standards are changed with WSATC approval. Changes are binding on apprentices, sponsors, training agents, and anyone else working under an agreement governed by the standards. Sponsors may have to maintain additional information as supplemental to these standards. When a standard is changed, sponsors are required to notify apprentices and training agents. If changes in federal or state law make any part of these standards illegal, the remaining parts are still valid and remain in force. Only the part made illegal by changes in law is invalid. L&I and the WSATC may cooperate to make corrections to the standards if necessary to administer the standards.

Sections of these standards identified as bold “insert text” fields are specific to the individual program standards and may be modified by a sponsor submitting a revised standard for approval by the WSATC. All other sections of these standards are boilerplate and may only be modified by the WSATC. See WAC 296-05-003 for the definitions necessary for use with these standards.

Sponsor Introductory Statement (Required):

Realizing the great and growing need for qualified trained mechanics in the Sprinkler Industry in order that proper facilities for fire protection may be provided and correctly
and scientifically installed both now and in the future, the National Fire Sprinkler Association, Inc. and Road Local Union No. 669 of the United Association believe we should institute a systematic vocational training of apprentices to the end that the needs of the industry for capable mechanics will be met and a proper balance steadily maintained.

I. GEOGRAPHIC AREA COVERED:

The sponsor must train inside the area covered by these standards. If the sponsor wants to train outside the area covered by these standards, the sponsor must enter a portability agreement with a sponsor outside the area, and provide evidence of such an agreement for compliance purposes. Portability agreements permit training agents to use apprentices outside the area covered by the standards. Portability agreements are governed by WAC 296-05-303(4)(g).

The area covered by these standards shall be the State of Washington excluding Island, King, Kitsap, Pierce, Skagit, Snohomish and Thurston Counties.

II. MINIMUM QUALIFICATIONS:

Minimum qualifications must be clearly stated and applied in a nondiscriminatory manner [WAC 296-05-316(17)].

- **Age:** Must be the age of 18 or over.

- **Education:** Must be a high school graduate, have a G.E.D., or the equivalent. Copy of such to be submitted with the Hiring Package.

- **Physical:** Must be physically fit to do the work of the trade. (Applicants after being selected by an Employer to be registered as apprentices but before being employed shall at the cost of the training agent undergo a medical examination to establish physical fitness).

- **Testing:** N/A

- **Other:** Must have military discharge under other than dishonorable conditions, if applicable. Copy of Military Discharge (Form DD-214) to be submitted with the Hiring Package.

III. CONDUCT OF PROGRAM UNDER WASHINGTON EQUAL EMPLOYMENT OPPORTUNITY PLAN:

Sponsors with five (5) or more apprentices must adopt an Equal Employment Opportunity (EEO) Plan and Selection Procedure (Part D of chapter 296-05 WAC and 29 CFR Part 30).
SPRINKLER FITTERS APPRENTICESHIP STANDARDS

The recruitment, selection, employment and training of apprentices during their apprenticeship shall be without discrimination because of race, sex, color, religion, creed, national origin, age, sexual orientation, marital status, veteran or military status, the presence of a disability or any other characteristic protected by law. The sponsor shall take positive action to provide equal opportunity in apprenticeship and will operate the apprenticeship program as required by the rules of the Washington State Apprenticeship and Training Council.

A. Selection Procedures:

1. Every Approved Training Agent within the State of Washington participating in the JATC's program of training and education shall utilize open enrollment as their exclusive means of selecting apprentices.

2. Every Approved Training Agent shall maintain an applicant log, copies of which shall be sent on a regular basis to the Director of Compliance.

3. Every person requesting an application shall be recorded on the applicant log, and shall be furnished a Hiring application package, which will include

   (a) Apprenticeship Agreement
   (b) Apprenticeship Application
   (c) Medical Form
   (d) Information relating to work in the trade as an apprentice

   The returned package will include copies of the applicant's proof of age, high school diploma/G.E.D. or equivalent, and Military Discharge (Form DD-2 14) if applicable.

   Any individual who fails to return the completed package within sixty (60) days, shall be noted on the applicant log as being ineligible for consideration at this time and will have to re-apply.

4. Hiring Packages (completed) shall be filed in duplicate with the Joint Apprenticeship and Training Committee.

5. A candidate for Apprenticeship with previous experience in or related to, the trade can request that such experience be evaluated by the Committee. This request should be made at the time of application. Where such experience warrants it, the Committee will place the Apprentice in the appropriate wage period, and such advanced credit shall be subject to review prior to the Apprentice's next advancement.
6. Individuals not interviewed because they lack a basic qualification will not be reconsidered until they correct any deficiencies that exist and re-apply.

7. Interviews shall be conducted at the discretion of the Approved Training Agent; however, no interview shall be conducted with less than seven days notice to all applicants.

8. Notices shall also be sent to applicants who have previously been interviewed and ranked, advising them of the opportunity to re-interview, provided they can demonstrate tangible evidence of activities which have enhanced their qualifications for the job.

9. In the event any applicant fails to respond to said notices, they shall be removed from the pool of applicants and notation of such shall be made on their progress report. They will have to re-apply.

10. A committee consisting of at least two individuals shall conduct interviews.

11. Each interview session shall be scheduled to provide time to adequately cover each interview grading area.

12. The interview committee shall have in its possession for review with regard to each applicant: application form, apprenticeship agreement, high school diploma/G.E.D./or equivalent Certificate, Military Discharge (Form 214) if applicable, and proof of date of birth.

13. After a brief introduction, the committee will ask questions of the applicant with the purpose of finding out as much as possible about the applicant as an individual and about the applicant's capacity to participate in apprenticeship.

14. Questions for the interview and for purposes of evaluation will be on topics related to job performance such as: work experience, school record, mechanical abilities, and motivation.

15. Evaluation must be based on a standard of industry needs, and not by a comparison with other applicants.

16. Answers to questions must be recorded during the interview to produce a record for the applicant's file.

17. All applicants must be asked the same questions.
18. Applicant Selection

a. The Approved Training Agent shall notify all individuals interviewed of the results of the interview, including their score and ranking.

b. From the individuals interviewed, the Approved Training Agent shall select in numerical order the applicants sufficient to meet its employment needs.

c. Applicants not selected shall remain on the ranked list for a period of two years, unless removed in accordance with Section IV, number 9 of this plan.

d. An applicant selected by the Approved Training Agent for entry into the Apprenticeship Program, shall, after the interview be scheduled for and must pass:

(1) Examination and completion of the Medical Form at the Approved Training Agent expense

(2) Drug test with negative results

e. Final approval or rejection of an application submitted by an Approved Training Agent will be made by the Joint Apprenticeship and Training Committee which will review the contractor's eligibility for assignment of an apprentice, the applicant's eligibility for entry into the Program and the availability of Journey-level and/or apprentice sprinkler fitters in the applicant's geographic area. If the applicant is accepted for entry into the Program, an Apprenticeship Card will be issued for the new apprentice in care of the Approved Training Agent. If the application is rejected, the Approved Training Agent and applicant will be notified of the rejection and the reason therefore by certified mail and a return receipt, requested by the Joint Apprenticeship and Training Committee.

19. Direct Entry:

a. The JATC provides direct entry into its program for military veterans through its participation in the Veterans in Piping (“VIP”) program. The VIP program trains active duty personnel or reservists in skills associated with becoming a qualified sprinkler fitter journeyman, particularly in the area of welding. Participants complete a multi week program training them to become certified welders. When active duty personnel leave military service, they are placed into a United Association
apprenticeship program, such as the JATC, and given the appropriate credit for their completion of the VIP program.

The JATC’s participation in the VIP program impacts recruitment of qualified minority candidates, in that the percentage of minority members of the military exceeds the general population’s minority percentage. Therefore assistance to and recruitment of veterans by the JATC can assist in boosting our outreach to and recruitment of minority candidates.

B. Equal Employment Opportunity Plan:

1. Recruitment and Outreach

   a. Every six months, the Director of Compliance will send to community outreach organizations and facilities which can assist in securing qualified minority and female applicants, throughout area covered by the Apprenticeship Standards between the Union and the National Fire Sprinkler Association announcements of apprenticeship opportunities and information concerning Approved Training Agent operating within the outreach organizations geographical area.

   b. In addition to the notifications to minority group and female referral organizations referenced above, the Director of Compliance will semi-annually notify the following:

      (1) The U.S. Department of Labor’s Office of Apprenticeship and the Washington State Department of Labor and Industries Apprenticeship Section.

      (2) State Employment Service Offices.

      (3) Minority Owned Newspapers.

2. The Director of Compliance, contractors, and the Union may take additional affirmative actions such as participation in workshops for school and employment service counselors, and cooperating and consulting with secondary and vocational administrators on the transition of students from school to apprenticeship openings. The Director of Compliance is to receive written notification of such efforts made by Approved Training Agent and the union.

3. Internal communication of the sponsor's equal opportunity policy in such a manner as to foster understanding, acceptance, and support among the sponsor's various officers, supervisors, employees, and members and to encourage such persons to take the necessary action to aid the sponsor in meeting its obligations under these rules.
4. Granting advance standing or credit on the basis of previously acquired experience, training, skills, or aptitude for all applicants equally.

C. Discrimination Complaints:

Any apprentice or applicant for apprenticeship who believes they have been discriminated against may file a complaint with the supervisor of apprenticeship (WAC 296-05-443).

IV. TERM OF APPRENTICESHIP:

The term of apprenticeship for an individual apprentice may be measured through the completion of the industry standard for on-the-job learning (at least two thousand hours) (time-based approach), the attainment of competency (competency-based approach), or a blend of the time-based and competency-based approaches (hybrid approach) [WAC 296-05-315].

The term of apprenticeship shall be 10,000 hours in not less than five (5) years of reasonably continuous employment.

V. INITIAL PROBATIONARY PERIOD:

An initial probationary period applies to all apprentices, unless the apprentice has transferred from another program. During an initial probationary period, an apprentice can be discharged without appeal rights. An initial probationary period is stated in hours or competency steps of employment. The initial probationary period is not reduced by advanced credit or standing. During an initial probationary period, apprentices receive full credit for hours and competency steps toward completion of their apprenticeship. Transferred apprentices are not subject to additional initial probationary periods [WAC 296-05-003].

The initial probationary period is [WAC 296-05-316(22)]:

A. the period following the apprentice's registration into the program. An initial probationary period must not be longer than twenty percent of the term of the entire apprenticeship, or longer than a year from the date the apprenticeship is registered. The WSATC can grant exemptions for longer initial probationary periods if required by law.

B. the period in which the WSATC or the supervisor of apprenticeship may terminate an apprenticeship agreement at the written request by any affected party. The sponsor or the apprentice may terminate the agreement without a hearing or stated cause. An appeal process is not available to apprentices in their initial probationary period.

The initial probationary period for all apprentices will be 1000 hours or 6 months of reasonably continuous employment.
VI. RATIO OF APPRENTICES TO JOURNEY LEVEL WORKERS

Supervision is the necessary education, assistance, and control provided by a journey-level employee on the same job site at least seventy-five percent of each working day, unless otherwise approved by the WSATC. Sponsors ensure apprentices are supervised by competent, qualified journey-level employees. Journey level-employees are responsible for the work apprentices perform, in order to promote the safety, health, and education of the apprentice.

A. The journey-level employee must be of the same apprenticeable occupation as the apprentice they are supervising unless otherwise allowed by the Revised Code of Washington (RCW) or the Washington Administrative Code (WAC) and approved by the WSATC.

B. The numeric ratio of apprentices to journey-level employees may not exceed one apprentice per journey-level worker [WAC 296-05-316(5)].

C. Apprentices will work the same hours as journey-level workers, except when such hours may interfere with related/supplemental instruction.

D. Any variance to the rules and/or policies stated in this section must be approved by the WSATC.

E. The ratio must be described in a specific and clear manner, as to the application in terms of job site, work group, department or plant:

Employers employing apprentices under the terms and conditions of these standards shall be allowed one (1) apprentice for the first journey-level worker and one (1) apprentice to each journey-level worker thereafter as defined by each contractor's workforce.

VII. APPRENTICE WAGES AND WAGE PROGRESSION:

A. Apprentices must be paid at least Washington’s minimum wage, unless a local ordinance or a collective bargaining agreement require a higher wage. Apprentices must be paid according to a progressively increasing wage scale. The wage scale for apprentices is based on the specified journey-level wage for their occupation. Wage increases are based on hours worked or competencies attained. The sponsor determines wage increases. Sponsors must submit the journey-level wage at least annually or whenever changed to the department as an addendum to these standards. Journey-level wage reports may be submitted on a form provided by the department. Apprentices and others should contact the sponsor or the Department for the most recent Journey-level wage rate.

B. Sponsors can grant advanced standing, and grant a wage increase, when apprentices demonstrate abilities and mastery of their occupation. When advanced standing is
granted, the sponsor notifies the employer/training agent of the wage increase the apprenticeship program standard requires.

VIII. WORK PROCESSES:

The apprentice shall receive on the job instruction and work experience as is necessary to become a qualified journey-level worker versed in the theory and practice of the occupation covered by these standards. The following is a condensed schedule of work experience, which every apprentice shall follow as closely as conditions will permit. The following work process descriptions pertain to the occupation being defined.

The Apprentice shall also be given experience on all new equipment, materials and substitutes that may be installed on the job and also training in safety practices to avoid personal injuries and property damage.

Where it is found impossible for one Employer to provide the diversity of experience necessary to give the Apprentice all-around training in the trade, the Joint Apprenticeship and Training Committee may transfer the Apprentice temporarily or permanently, to another Employer, in which case, the Employer to whom the Apprentice is assigned will assume all obligations of the original Employer, but in no case shall an Apprentice be transferred to a shop where there is a labor dispute.

IX. RELATED/SUPPLEMENTAL INSTRUCTION:

The apprentice must attend related/supplemental instruction (RSI). Time spent in RSI shall not be considered as hours of work and the apprentice is not required to be paid.

RSI must be provided in safe and healthy conditions as required by the Washington Industrial Safety and Health Act and applicable federal and state regulations.

Hours spent in RSI are reported to L&I each quarter. Reports must show which hours are unpaid and supervised by a competent instructor versus all other hours (paid and/or unsupervised) for industrial insurance purposes.

For purposes of coverage under the Industrial Insurance Act, the WSATC is an employer and the apprentice is an employee when an unpaid, supervised apprentice is injured while under the direction of a competent instructor and participating in RSI activities.

If apprentices do not attend required RSI, they may be subject to disciplinary action by the sponsor.

A. The methods of related/supplemental training must be indicated below (check those that apply):

(X) Supervised field trips

( ) Sponsor approved training seminars (specify)

( ) Sponsor approved online or distance learning courses (specify)

(X) State Community/Technical college

(X) Private Technical/Vocational college
SPRINKLER FITTERS APPRENTICESHIP STANDARDS

(X) Sponsor Provided  (lab/classroom)

(X) Other (specify): Other classes/courses as approved by the Committee.

B. **144** Minimum RSI hours per year defined per the following (see WAC 296-05-316(6)):

(X) Twelve-month period from date of registration.*
( ) Defined twelve-month school year: (insert month) through (insert month).
( ) Two-thousand hours of on the job training.

*If no selection is indicated above, the WSATC will define RSI hours per twelve-month period from date of registration.

C. Additional Information:

Each apprentice shall be required to participate in the correspondence study program devoted to subjects related to the trade which has been developed by the JATC. Hours of related supplemental training shall be no less than 144 hours per year up to a maximum of 720 hours over the term of the apprenticeship. The JATC reserves the right to direct the apprentice to do more than the maximum of 720 hours of RSI.

Apprentices will be provided with broad general knowledge. The training of Apprentices will be concentrated on the specific skills required of the sprinkler trade mechanic.

Apprentices will not be paid for time devoted to related instruction.

X. **ADMINISTRATIVE/DISCIPLINARY PROCEDURES:**

A. Administrative Procedures:

The sponsor may include in this section a summary and explanation of administrative actions performed at the request or on the behalf of the apprentice. Such actions may include but are not limited to:

1. **Voluntary Suspension:** A temporary interruption in progress of an individual's apprenticeship agreement at the request of the apprentice and granted by the sponsor. The program sponsor shall review apprentices in suspended status at least once each year to determine if the suspension is still appropriate.

2. **Advanced Standing or Credit:** The sponsor may provide for advanced standing or credit for demonstrated competency, acquired experience, training or education in or related to the occupation. All sponsors need to ensure a fair and equitable process is applied to all apprentices seeking advanced standing or credit per WAC 296-05-316 (11).
3. Sponsor Procedures:

1. Employers being entitled to and desiring an Apprentice shall make application for said Apprentice to the Joint Committee. The Employer shall agree that the Apprentice will be worked under such conditions as will result in normal advancement and that the Employer will cooperate in seeing that the apprentice does the requisite amount of study and manual training as prescribed by the Joint Committee. The Employer shall also agree that the apprentice will not be employed in a manner that may be considered as unfair to either party to these Standards and, further, the parties agree to maintain their existing procedures and rules, as determined by the JATC, with respect to administration of the Apprenticeship Program. In the event there are apprentices available who have had their employment terminated by some other member Employer, such apprentice will be placed before new Apprentices are hired.

No new apprentice may be hired when unemployment exceeds two (2) journey-level workers or Apprentices, within 100 miles of the applicant's home residence, or six percent (6%) of the total of journey-level workers and Apprentices, within 100 miles of the applicant's home residence (whichever is greater). For the purposes of determining the actual availability of qualified journey-level workers and Apprentices in a given area, the Union will maintain a list of unemployed journey-level workers and Apprentices. Said list shall be updated on a weekly basis. Said list will be made available to the Joint Apprenticeship and Training Committee upon request, but shall not be used for any purpose other than the foregoing. The Chairman and Secretary of the committee will approve or reject applications for new Apprentices based upon the above-referenced list.

The Director of Apprenticeship will provide a list of Apprentice applications for approval on Friday of each week (if applicable) to the Chairman and Secretary of the JATC. The union will respond to the list received on Friday, the following Monday.

2. Before the end of the initial probationary period, the Joint Apprenticeship and Training Committee shall make a thorough review of the apprentice's ability, attitude and development. Any apprentice found to be unsatisfactory shall be retained on disciplinary probation an additional sixty (60) days and re-evaluated. An apprentice found to be inadequate on re-evaluation shall be dropped from the program. An Apprentice who satisfactorily completes the initial probationary period will be initiated into Local Union No. 669 as a Building Trades Apprentice.
3. The committee shall undertake to keep the apprentice at work at the trade continuously, except in case of strike, lockout, sickness or other unavoidable causes, unsatisfactory completion or related training courses, or by action of the Joint Committee. When an employer discharges an apprentice, the employer shall immediately notify the Joint committee in writing, giving the name of the apprentice and the reason for discharge. Disposition of such an apprentice shall be made by the Joint Committee within sixty (60) days of receipt of notice of discharge. In case of dissatisfaction between the employer and the apprentice, either party has the right and privilege of appeal to the Joint Apprenticeship and Training Committee for such action and adjustment of such matters as come within the standards.
