## SCHWEITZER ENGINEERING LABORATORIES

### INTRODUCTORY STATEMENT

The director of the Department of Labor and Industries appointed the Washington State Apprenticeship and Training Council (WSATC) as the regulatory body responsible for developing, administering, and enforcing apprenticeship program standards (Standards) for the operation and success of apprenticeship and training programs in the State of Washington. Apprenticeship program sponsors function, administer, or relinquish authority only with the consent of the WSATC. Furthermore, only apprentices registered with the supervisor or recognized under the terms and conditions of a reciprocal agreement will be recognized by the WSATC. Parties signatory to these standards of apprenticeship declare their purpose and policy is to establish and sponsor an organized system of registered apprenticeship training and education.

These Standards are in conformity and are to be used in conjunction with the Apprenticeship Rules, chapter 296-05 WAC (Washington Administrative Code); Apprenticeship Act, chapter 49.04 RCW (Revised Code of Washington); The National Apprenticeship Act, 29 U.S.C. (United States Code) 50; Apprenticeship Programs, Title 29 Part 29 CFR (Code of Federal Regulations); and Equal Employment Opportunity in Apprenticeship and Training, Title 29 Part 30 CFR which govern employment and training in apprenticeable occupations. They are part of this apprenticeship agreement and bind all signers to compliance with all provisions of registered apprenticeship. Additional information may need to be maintained by the program sponsor that is supplemental to these apprenticeship standards. This information is for purposes of ensuring compliance with decisions of the WSATC and the apprenticeship laws identified above.

If approved by the council, such amendment/s and such changes as adopted by the council shall be binding to all parties. Program sponsors shall notify apprentices and employer training agents (if applicable) of changes when they are adopted by the council. If and when any part of these Standards becomes illegal, as pertains to federal and/or state law, that part and that part alone will become inoperative and null and void, and the Department of Labor and Industries (Department) may adopt language that will conform to applicable law. The remainder of the Standards will remain in full force and effect.

Sections of these standards identified as bold "insert text" fields are specific to the individual program standards and may be modified by a sponsor submitting a revised standard for approval by the WSATC. All other sections of the standards are boilerplate and may only be modified by the WSATC.

See WAC 296-05-003 for the definitions necessary for use with these Standards.

Sponsor Introductory Statement (Optional): **Recognizing the continuous advancements in industrial maintenance technologies and the challenge to increase customer satisfaction, this program establishes the necessary training that leads the successful apprentice to the status of the State Certified Journey Level worker in the specified occupation.**

**To this end, the graduated apprentice will be able to demonstrate all competencies of this trade that exemplify the highest standards of the electronic relay manufacturing industry.**

## SCHWEITZER ENGINEERING LABORATORIES

**Objectives of this program will be accomplished through the joint efforts of SEL and the Department of Labor and Industries.**

### **I. GEOGRAPHIC AREA COVERED:**

The sponsor has no authority to conduct training outside of the geographical area covered by these Standards. The sponsor may enter into an agreement [portability agreements – see WAC 296-05-303(4)(g)] with other sponsors for the use of apprentices by training agents that are working outside of their approved geographic area. Also, the WSATC may recognize and approve out-of-state apprenticeship programs and standards if certain conditions are met and the out-of-state sponsoring entity requests it (see WAC 296-05-327). Apprenticeship program sponsors will ensure compliance with the provisions of any agreement recognized by the WSATC.

**The area covered by these standards shall be Schweitzer Engineering Laboratories Pullman, Washington.**

### **II. MINIMUM QUALIFICATIONS:**

Minimum qualifications must be clearly stated and applied in a nondiscriminatory manner [see WAC 296-05-316(17)].

Age: **Must be at least 18 years of age.**

Education: **High School diploma or High School Equivalency.**

Physical: **Must be capable of learning and performing the essential tasks of the trade with reasonable accommodations.**

Testing: **None**

Other: **None**

### **III. CONDUCT OF PROGRAM UNDER WASHINGTON EQUAL EMPLOYMENT OPPORTUNITY PLAN:**

Sponsors with five (5) or more apprentices must adopt an Equal Employment Opportunity (EEO) Plan and Selection Procedures (see Part D of chapter 296-05 WAC and 29 CFR Part 30).

The recruitment, selection, employment and training of apprentices during their apprenticeship shall be without discrimination because of race, sex, color, religion, creed, national origin, age, sexual orientation, marital status, veteran or military status, the presence of a disability or any other characteristic protected by law. The sponsor shall

## SCHWEITZER ENGINEERING LABORATORIES

take positive action to provide equal opportunity in apprenticeship and will operate the apprenticeship program as required by the rules of the Washington State Apprenticeship and Training Council (chapter 296-05 WAC) and Title 29, Part 30 of the Code of Federal Regulations.

A. Selection Procedures:

**Exempt per WAC 296-05-405(1)(a), Fewer than five (5) apprentices.**

B. Equal Employment Opportunity Plan:

**Exempt per WAC 296-05-405(1)(a), Fewer than five (5) apprentices.**

Discrimination Complaints.

Any apprentice or applicant for apprenticeship who believes they have been discriminated against may file a complaint (WAC 296-05-443).

#### **IV. TERM OF APPRENTICESHIP:**

The minimum term of apprenticeship must not be less than 2000 hours of reasonably continuous employment in each occupation identified in these Standards. The term of apprenticeship must be stated in hours of employment [WAC 296-05-316(1)].

**A. The term of the Industrial Maintenance Electrician shall be eight thousand, (8,000) hours of reasonable continuous employment.**

**B. The term of the HVAC Service Technician shall be eight thousand, (8,000) hours of reasonable continuous employment.**

#### **V. INITIAL PROBATIONARY PERIOD:**

All apprentices are subject to an initial probationary period, stated in hours or months of employment for which they receive full credit toward completion of apprenticeship. Advance credit/standing will not reduce the initial probationary period. The initial probationary period [WAC 296-05-316(22)]:

1. Is the period following the apprentice's registration into the program and during which the apprentice's appeal rights are impaired. The initial probation must not exceed twenty percent (20%) of the term of apprenticeship or one year from date of registration, unless an exemption by the WSATC has been granted for longer probationary periods as specified by Civil Service or law.
2. Is the period that the WSATC or the supervisor of apprenticeship may terminate an apprenticeship agreement at the written request by any affected party. The

## **SCHWEITZER ENGINEERING LABORATORIES**

sponsor or the apprentice of the apprenticeship agreement may terminate the agreement without a hearing or stated cause. An appeal process is available to apprentices who have completed the initial probationary period.

**The initial probationary period shall be the first 1,600 hours of reasonably continuous employment as a registered apprentice with this program.**

### **VI. RATIO OF APPRENTICES TO JOURNEY LEVEL WORKERS:**

Supervision is the necessary education, assistance, and control provided by a journey-level employee that is on the same job site at least seventy-five percent of each working day, unless otherwise approved by the WSATC. The sponsor will assure that apprentices are under the supervision of competent and qualified journey-level workers on the job who are responsible for the work being performed, to ensure safety and training in all phases of the work. Apprentices will work the same hours as journey-level workers, EXCEPT where such hours may interfere with related/supplemental instruction [WAC 296-05-316(5)].

- 1. The ratio of apprentice Industrial Maintenance Electrician to journey-level workers shall be one (1) apprentice to one (1) journey-level worker on the job site.**
- 2. The ratio of apprentice HVAC Service Technician to journey-level workers shall be one (1) apprentice to one (1) journey-level worker on the job site.**

### **VII. APPRENTICE WAGES AND WAGE PROGRESSION:**

The apprentice will be paid a progressively increasing schedule of wages based on specified percentages of journey-level wage consistent with skills acquired [WAC 296-05-316(27)]. These may be indicated in hours or monthly periods set by the sponsor. The entry wage will not be less than the minimum wage prescribed by the Fair Labor Standards Act, where applicable, unless a higher wage is required by other applicable federal law, state law, respective regulations, or by collective bargaining agreement.

The sponsor may accelerate, by an evaluation process, the advancement of apprentices who demonstrate abilities and mastery of the occupation to the level for which they are qualified. When the apprentice is granted advanced standing the sponsor must notify the employer/training agent of the appropriate wage per the wage progression schedule specified in these Standards.

## SCHWEITZER ENGINEERING LABORATORIES

### A. Industrial Maintenance Electrician

Step	Number of hours/months	Percentage of journey-level rate
<b>1</b>	<b>0000 – 1000 Hours</b>	<b>60%</b>
<b>2</b>	<b>1001 - 2000 Hours</b>	<b>65%</b>
<b>3</b>	<b>2001 – 3000 Hours</b>	<b>70%</b>
<b>4</b>	<b>3001 – 4000 Hours</b>	<b>75%</b>
<b>5</b>	<b>4001 – 5000 Hours</b>	<b>80%</b>
<b>6</b>	<b>5001 – 6000 Hours</b>	<b>85%</b>
<b>7</b>	<b>6001 – 7000 Hours</b>	<b>90%</b>
<b>8</b>	<b>7001 – 8000 Hours</b>	<b>95%</b>

### B. HVAC Service Technician

Step	Number of hours/months	Percentage of journey-level rate
<b>1</b>	<b>0000 – 1000 Hours</b>	<b>60%</b>
<b>2</b>	<b>1001 - 2000 Hours</b>	<b>65%</b>
<b>3</b>	<b>2001 – 3000 Hours</b>	<b>70%</b>
<b>4</b>	<b>3001 – 4000 Hours</b>	<b>75%</b>
<b>5</b>	<b>4001 – 5000 Hours</b>	<b>80%</b>
<b>6</b>	<b>5001 – 6000 Hours</b>	<b>85%</b>
<b>7</b>	<b>6001 – 7000 Hours</b>	<b>90%</b>
<b>8</b>	<b>7001 – 8000 Hours</b>	<b>95%</b>

**SCHWEITZER ENGINEERING LABORATORIES**

**VIII. WORK PROCESSES:**

The apprentice shall receive on the job instruction and experience as is necessary to become a qualified journey-level worker versed in the theory and practice of the occupation covered by these Standards. The following is a condensed schedule of work experience, which every apprentice shall follow as closely as conditions will permit.

Employers/training agents shall only use registered apprentices to perform the work processes as stated in this section. [WAC 296-05-303(5)(f)]

<b><u>A. Industrial Maintenance Electrician</u></b>	<b><u>APPROXIMATE HOURS</u></b>
1. <b>Electrical Safety/Process .....</b>	<b>500</b>
<b>Familiarize the apprentice with the identification and use of the Electrical Safety Materials used in the craft. Including but not limited to standard PPE, JSA's, SOP's, National Electrical Code and SEL safety practices.</b>	
2. <b>Shop Work.....</b>	<b>800</b>
<b>Service and repair of equipment, layout and wiring of panels, tool room, electrical print review, trade specific tool training, trade scrapping and cleanup, miscellaneous.</b>	
3. <b>General Plant.....</b>	<b>4,500</b>
<b>Placement of conduit and wire; installation of conduit, tray, and wire; installation and repair of lighting; installation and repair of motor and control equipment; testing and troubleshooting of electrical equipment; rigging; movement and placement of equipment; familiarization with electrical equipment and materials.</b>	
4. <b>Preventative Maintenance.....</b>	<b>1,000</b>
<b>Cleaning and greasing of electrical equipment; testing electrical equipment, maintenance records, miscellaneous.</b>	
5. <b>Industrial building controls .....</b>	<b>200</b>
6. <b>General commercial wiring.....</b>	<b>1,000</b>
<b>Installation, layout and plan reading, including illumination, signage, and interface with HVAC controls.</b>	
<b>Total Hours.....</b>	<b>8,000</b>

**SCHWEITZER ENGINEERING LABORATORIES**

<b><u>B. HVAC Service Technician</u></b>	<b><u>APPROXIMATE HOURS</u></b>
1. Service of heating and air conditioning systems ..... Servicing HVAC equipment including but not limited to roof top package units, split system, mini split, boiler, cooling tower, exhaust fans.	3,500
2. Shop Work..... Service and repair of equipment, layout and duct sizing of HVAC systems, HVAC print review, trade specific tool training, movement and placement of equipment, familiarization with HVAC equipment and materials.	1,000
3. Installation of heating, ventilation and air conditioning systems ..... Installations including but not limited to roof top units, split systems, mini split, exhaust fans, boiler, RO systems.	500
4. Operation of hand and machine tools .....	500
5. Industrial building controls ..... Training, familiarization with multiple building controls systems including but not limited to, standalone thermostats, Alerton, Carrier VVT systems controls.	1,000
6. Special installation and specialty work..... Installation, layout and plan reading, duct sizing, signage, and interface with HVAC controls.	1,000
7. Electrical Safety/Process ..... Familiarize the apprentice with the identification and use of the Electrical Safety Materials used in the craft. Including but not limited to standard PPE, JSA's, SOP's, National Electrical Code and SEL safety practices.	500
<b>Total Hours.....</b>	<b>8,000</b>

## SCHWEITZER ENGINEERING LABORATORIES

### **IX. RELATED/SUPPLEMENTAL INSTRUCTION:**

The apprentice must attend related/supplemental instruction (RSI). Time spent in related/supplemental instruction shall not be considered as hours of work and the apprentice is not required to be paid for time spent in related/supplemental instruction.

The sponsor and training agent must provide for instruction of the apprentice during the related/supplemental instruction in safe and healthful work practices in compliance with the Washington Industrial Safety and Health Act, and applicable federal and state regulations.

Clock hours of actual attendance by the apprentice in related/supplemental instruction classes at the community/technical college or other approved training locations shall be reported to the Department on a quarterly basis. Such reports will clearly identify paid versus unpaid and supervised versus unsupervised RSI time for industrial insurance purposes.

For industrial insurance purposes, the WSATC will be considered as the employer should any supervised apprentice, not being paid to attend RSI, sustain an injury while participating in related/supplemental classroom activity, or other directly related activity outside the classroom. The activities must be at the direction of the instructor.

In case of failure on the part of any apprentice to fulfill the obligation to attend RSI, the sponsor has authority to take disciplinary action (see Administrative/Disciplinary Procedures section).

The methods of related/supplemental training must consist of one or more of the following (please indicate by checking those that apply):

- Supervised field trips
- Approved training seminars (specify)
- A combination of home study and approved correspondence courses (specify):  
**Lewis Clark State College, Lewiston, Idaho.**
- State Community/Technical college  
**Lewis Clark State College, Lewiston, Idaho.**
- Private Technical/Vocational college
- Training trust
- Other (specify): **Additional classes/courses as approved by the Committee.**

## SCHWEITZER ENGINEERING LABORATORIES

Minimum RSI hours per year defined per the following (see WAC 296-05-316(6)):

**Industrial Maintenance Electrician requires 186 hours**

**HVAC Service Technician requires 168 hours**

- twelve-month period from date of registration.\*
- defined twelve-month school year: (insert month) through (insert month).
- two-thousand hours of on the job training.

*\*If no selection is indicated above, the WSATC will define RSI hours per twelve-month period from date of registration.*

Additional Information:

- 1. Registered apprentices in the Industrial Maintenance Electrician occupation will be provided a minimum of 186 hours of RSI per year, up to a total of 744 hours of RSI over the course of their apprenticeship.**
- 2. Registered apprentices in the HVAC Service Technician occupation will be provided a minimum of 168 hours of RSI per year, up to a total of 672 hours of RSI over the course of their apprenticeship.**

### **X. ADMINISTRATIVE/DISCIPLINARY PROCEDURES:**

Sponsors may include in this section requirements and expectations of the apprentices and training agents and an explanation of disciplinary actions that may be imposed for noncompliance. The sponsor has the following disciplinary procedures that they may impose: Disciplinary Probation, Suspension, or Cancellation.

Disciplinary Probation: A time assessed when the apprentice's progress is not satisfactory. During this time the program sponsor may withhold periodic wage advancements, suspend or cancel the apprenticeship agreement, or take further disciplinary action. A disciplinary probation may only be assessed after the initial probation is completed. During the disciplinary probation, the apprentice has the right to file an appeal of the sponsor's action with the WSATC (as described in WAC 296-05-009).

Suspension: A suspension is a temporary interruption in progress of an individual's apprenticeship program that may result in the cancellation of the Apprenticeship Agreement. Could include temporarily not being allowed to work, go to school or take part in any activity related to the Apprenticeship Program until such time as the sponsor takes further action.

Cancellation: Refers to the termination of an apprenticeship agreement at the request of the apprentice, supervisor, or sponsor. [as described in WAC 296-05-316(22)].

## SCHWEITZER ENGINEERING LABORATORIES

### A. General Procedures

1. **Failure to maintain employment with Schweitzer Engineering Laboratories will result in automatic cancellation of the apprenticeship agreement.**
2. **Apprentices will apply themselves on the job and in related training programs and continually strive to become a skilled worker.**
3. **Apprentices must complete the on-the-job training and complete the education learning and testing. If the Apprentice does not pass the course for any supplemental learning and testing period/module, the Apprentice Sponsor will meet to review the Apprentice's situation. At the point, the Sponsor will make the decision whether to implement procedures under Section X.C. Administrative/Disciplinary Procedures. The Apprentice will have the opportunity to present his/her case. The Sponsor will consider hardships (i.e. a death in the family) on a case by case basis with proper documentation.**
4. **If a student fails to pass the requirements of two testing periods/modules back to back, he/she will be removed from the Apprenticeship program.**

### B. Local Apprenticeship Committee Policies

1. **A daily record of hours worked in each category of on the job training will be maintained by the apprentice and the apprentice's supervisor will "sign-off" the apprentice's record of hours worked in each category every week. Overtime hours worked shall be recorded as actual hours worked.**
2. **The progress of each apprentice will be reviewed and recorded at least monthly by the apprentice's supervisor. The supervisor shall make these records available to the apprenticeship committee.**
3. **The apprentice will meet with their supervisor and Management on a quarterly basis to review their progress.**

### C. Complaint and Appeal Procedures:

All registered programs must establish procedures explaining the program's complaint review process. Complaints that involve matters covered by a collective bargaining agreement are not subject to the complaint review procedures in this section.

**Complaint** (after initial probation completed) – WAC 296-05-009 and 296-05-316(22)

Prior to: 20 calendar days of intention of disciplinary action by a sponsor

## **SCHWEITZER ENGINEERING LABORATORIES**

- Sponsors must notify the apprentice in writing of action to be taken
- Must specify the reason(s) for discipline, suspension, or cancellation
- Decision will become effective immediately
- Written reason(s) for such action must be sent to the apprentice

Within: 30 calendar days request for reconsideration from the sponsor

- Apprentice to request sponsor to reconsider their action

Within: 30 calendar days of apprentice's request for reconsideration

- Sponsor must provide written notification of their final decision

**If apprentice chooses to pursue the complaint further:**

Within: 30 calendar days of final action

- Apprentice must submit the complaint in writing to the Department
- Must describe the controversy and provide any backup information
- Apprentice must also provide this information to the local sponsor

Within: 30 business days for supervisor to complete investigation

- If no settlement is agreed upon during investigation, then supervisor must issue a written decision resolving the controversy when the investigation is concluded

**If the apprentice or sponsor disputes supervisor decision:**

Within: 30 calendar days of supervisor's decision, request for WSATC hearing

- Request must be in writing
- Must specify reasons supporting the request
- Request and supporting documents must be given to all parties
- WSATC must conduct the hearing in conjunction with the regular quarterly meeting

Within: 30 calendar days after hearing

- WSATC to issue written decision

## **XI. COMMITTEE – RESPONSIBILITIES AND COMPOSITION**

NOTE: The following is an overview of the requirements associated with administering an apprenticeship committee and/or program. These provisions are to be used with the corresponding RCW and/or WAC.

The sponsor is the policymaking and administrative body responsible for the operation and success of this apprenticeship program. A committee is responsible for the day-to-

## SCHWEITZER ENGINEERING LABORATORIES

day operations of the apprenticeship program and they must be knowledgeable in the process of apprenticeship and/or the application of chapter 49.04 RCW and chapter 296-05 WAC. Sponsors must develop procedures for:

A. Committee Operations (WAC 296-05-316): (Not applicable for Plant Programs)

Convene meetings at least three times per year of the program sponsor and apprenticeship committee attended by a quorum of committee members as defined in the approved Standards. If the committee does not indicate its definition of quorum, the interpretation will be "50% plus 1" of the approved committee members.

Conference call meetings may be conducted in lieu of regular meetings but must not exceed the number of attended meetings and no disciplinary action can be taken during conference call meetings.

B. Program Operations (Chapter 296-05 WAC - Part C & D):

1. The program sponsor will record and maintain records pertaining to the administration of the apprenticeship program and make them available to the WSATC or Department on request.

Records required by WAC 296-05-400 through 455 (see Part D of chapter 296-05 WAC) will be maintained for five (5) years; all other records will be maintained for three (3) years.

2. The sponsor will submit to the Department through the assigned state apprenticeship consultant the following list:

Forms are available on line at

<http://www.lni.wa.gov/TradesLicensing/Apprenticeship/FormPub/default.asp> or from your assigned apprenticeship consultant.

- Apprenticeship Agreements – within first 30 days of employment
- Authorization of Signature forms - as necessary
- Approved Training Agent Agreements (sponsor approving or canceling) – within 30 days
- Minutes of Apprenticeship Committee Meetings – within 30 days of meeting (not required for Plant program)
- Request for Change of Status - Apprenticeship/Training Agreement and Training Agents forms – within 30 days of action by sponsor.
- Journey Level Wage Rate – annually, or whenever changed
- Request for Revision of Standards - as necessary
- Request for Revision of Committee - as necessary
- Related Supplemental Instruction (RSI) Hours Reports (Quarterly):
  - 1st quarter: January through March, by April 10
  - 2nd quarter: April through June, by July 10
  - 3rd quarter: July through September, by October 10
  - 4th quarter: October through December, by January 10
- On-the-Job Work Hours Reports (bi-annual)

## SCHWEITZER ENGINEERING LABORATORIES

1st half: January through June, by July 30

2nd half: July through December, by January 31

3. The program sponsor will adopt, as necessary, local program rules or policies to administer the apprenticeship program in compliance with these Standards that must be submitted for Department approval and updating these Standards. The apprenticeship program manager may administratively approve requests for revisions in the following areas of the Standards:
  - Program name
  - Sponsor's introductory statement (if applicable)
  - Section III: Conduct of Program Under Washington Equal Employment Opportunity Plan
  - Section VII: Apprentice Wages and Wage Progression
  - Section IX: Related/Supplemental Instruction
  - Section XI: Committee - Responsibilities and Composition (including opening statements)
  - Section XII: Subcommittees
  - Section XIII: Training Director/Coordinator
  
4. The sponsor will utilize competent instructors as defined in WAC 296-05-003 for related/supplemental instruction. Furthermore, the sponsor will ensure each instructor has training in teaching techniques and adult learning styles, which may occur before or within one year after the apprenticeship instructor has started to provide instruction.

### C. Management of Apprentices:

1. Each apprentice (and, if under 18 years of age, the parent or guardian) will sign an apprenticeship agreement with the sponsor, who will then register the agreement, with the Department before the apprentice attends the related/supplemental instruction classes, or within the first 30 days of employment as an apprentice. For the purposes of industrial insurance coverage and prevailing wage exemption under RCW 39.12.021, the effective date of registration will be the date the agreement is received by the Department.

The Department must be notified within 30 days of program approval, of all requests for disposition or modification of agreements, with a copy of the minutes approving the changes, which may be:

- Certificate of completion
- Additional credit
- Suspension (i.e. military service or other)
- Reinstatement
- Cancellation and/or
- Corrections

## SCHWEITZER ENGINEERING LABORATORIES

2. Rotate apprentices in the various processes of the skilled occupation to ensure the apprentice is trained to be a competent journey-level worker.
  3. Periodically review and evaluate apprentices before advancement to the apprentice's next wage progression period. The evidence of such advancement will be the record of the apprentice's progress on the job and during related/supplemental instruction.
  4. The sponsor has the obligation and responsibility to provide, insofar as possible, continuous employment for all apprentices in the program. The sponsor may arrange to transfer an apprentice from one training agent to another or to another sponsor when the sponsor is unable to provide reasonably continuous employment, or they are unable to provide apprentices the diversity of experience necessary for training and experience in the various work processes as stated in these Standards. The new sponsor or training agent will assume all the terms and conditions of these Standards. If, for any reason, a layoff of an apprentice occurs, the apprenticeship agreement will remain in effect unless canceled by the sponsor.
  5. An apprentice who is unable to perform the on-the-job portion of apprenticeship training may, if the apprentice so requests and the sponsor approves, participate in related/supplemental instruction, subject to the apprentice obtaining and providing to the sponsor written requested document/s for such participation. However, time spent will not be applied toward the on-the-job portion of apprenticeship training.
  6. Hear and adjust all complaints of violations of apprenticeship agreements.
  7. Upon successful completion of apprenticeship, as provided in these Standards, and passing the examination that the sponsor may require, the sponsor will recommend that the WSATC award a Certificate of Completion of Apprenticeship. The program will make an official presentation to the apprentice that has successfully completed his/her term of apprenticeship.
- D. Training Agent Management:
1. Offer training opportunities on an equal basis to all employers and apprentices. Grant equal treatment and opportunity for all apprentices through reasonable working and training conditions and apply those conditions to all apprentices uniformly. Provide training at a cost equivalent to that incurred by currently participating employers and apprentices. Not require an employer to sign a collective bargaining agreement as a condition of participation.
  2. Determine the adequacy of an employer to furnish proper on-the-job training in accordance with the provisions of these Standards. Require all employers requesting approved training agent status to complete an approved training agent

## SCHWEITZER ENGINEERING LABORATORIES

agreement and comply with all federal and state apprenticeship laws and the appropriate apprenticeship Standards.

3. Submit approved training agent agreements to the Department with a copy of the agreement and/or the list of approved training agents within thirty days of committee approval. Submit rescinded approved training agent agreements and/or the list of approved training agents to the Department within thirty days of said action.

E. Composition of Committee: (see WAC 296-05-313)

Apprenticeship committees must be composed of an equal number of management and non-management representatives composed of at least four members but no more than twelve. If the committee does not indicate its definition of a quorum, the interpretation will be "50% plus 1" of the approved committee members.

Apprenticeship committees shall elect a chairperson and a secretary who shall be from opposite interest groups, i.e., chairperson-employers; secretary-employees, or vice versa; EXCEPT, this does not apply where the Registration Agency represents the apprentice(s).

For plant programs the WSATC or the Department designee will act as the employee representative.

Quorum: **50% plus one**

Program type administered by the committee: **Individual Non-Joint**

The employer representatives shall be:

**Scott Kemp, Chairman**  
2350 NE Hopkins Ct.  
Pullman, WA, 99163

**Kyle Hildenbrand**  
2350 NE Hopkins Ct.  
Pullman, WA, 99163

The employee representatives shall be:

**Doug Knapp, Secretary**  
2350 NE Hopkins Ct.  
Pullman, WA, 99163

**Patrick Niehinke**  
2350 NE Hopkins Ct.  
Pullman, WA, 99163

## **SCHWEITZER ENGINEERING LABORATORIES**

### **XII. SUBCOMMITTEE:**

Subcommittee(s) approved by the Department, represented equally from management and non-management, may also be established under these Standards, and are subject to the main committee. All actions of the subcommittee(s) must be approved by the main committee.

**NONE**

### **XIII. TRAINING DIRECTOR/COORDINATOR:**

The sponsor may employ a person(s) as a full or part-time training coordinator(s)/training director(s). This person(s) will assume responsibilities and authority for the operation of the program as are delegated by the sponsor.

**NONE**
