

Help for the Apprenticeship Rates Look-Up Page

Use this page to look up apprentice prevailing wage rates.

To look up a rate, first provide three pieces of information.

County: Select a county from the list. You must select one.

Trade: Select a trade from the list. You must select one.

Effective Date: enter a date; the system will look up the rates that were in effect on the date you provide.

If you enter an effective date in the future beyond the date of the next wage update, the system gives a message that those rates are not yet available.

Apprenticeship Wage Rates for Public Works Contracts
Look up Prevailing Wage rates with effective dates as far back as March 4, 1998.

Which rates (effective date) should you select?
When are Prevailing Wage rates updated?

County: ADAMS Trade: ASBESTOS ABATEMENT WORKERS

Get Wages

Once you have provided the county, trade, and effective date, click the “get wages” button.

If the system asks you to select your apprenticeship program, choose it from the list of programs associated with the county and trade you selected.

The system will look up the apprenticeship scale you requested and display the rates.

County: LEWIS Trade: PAINTERS

Effective Date: 6/24/2010

Step 4	PAINTERS	2251	3000	\$24.52	6Z	2B	
Step 5	PAINTERS	3001	3750	\$25.66	6Z	2B	
Step 6	PAINTERS	3751	4500	\$26.82	6Z	2B	

A feature of the system allows you to download a file listing the rates you have selected to lookup. The information is provided in the comma separated values (CSV) format. CSV files are a common data file type that can generally be opened by spreadsheet applications such as Microsoft Excel. After providing the county, trade, and effective date, click the “Download Wages” button to create a file. You will be asked to either save or open the file. The exact message and options you see will depend on your internet browser and the operating system of the computer you are using.
