

## Help for the Journey Rates Lookup Page

Use this page to look up journey level prevailing wage rates.

To look up a rate, you provide three pieces of information.

**County:** Select one or more counties from the list. (To make multiple selections, hold the control key while you click each selection. Or hold the shift key and select the first and last selection to choose consecutive items.)

**Trade:** Select one or more trades from the list. To make multiple selections, hold the control key while you click each selection. Or hold the shift key and select the first and last selection to choose consecutive items.)

Effective Date:     [Apprentice Wages](#)

**Effective Date:** enter a date; the system will look up the rates that were in effect on the date you provide.

If you enter an effective date in the future beyond the date of the next wage update, the system gives a message that those rates are not yet available.

Once you have provided the county, trade, and effective date, click the “get wages” button. The system will look up the rates you requested and display them on the page.

A feature of the system allows you to download a file listing the rates you have selected to lookup. The information is provided in the comma separated values (CSV) format. CSV files are a common data file type that can generally be opened by spreadsheet applications such as Microsoft Excel.

After providing the counties, trades, and effective date, click the “Download Wages” button to create a file. You will be asked to either save or open the file. The exact message and options you see will depend on your internet browser and the operating system of the computer you are using.
