Agency: Department of Labor & Industries (L&I)

Subject of possible rule making: Consideration of fee increase for Contractor Registration under WAC 296-200A-900, What fees does the department charge contractors for issuance, renewal, reregistration, and reinstatement of certificates of registration?.

Statutes authorizing the agency to adopt rules on this subject: Chapter 18.27 RCW

Reasons why rules on this subject may be needed and what they might accomplish: The purpose of this rulemaking is to consider a 5.79 percent fee increase for L&I's Contractor Registration program. This is the Office of Financial Management's maximum allowable fiscal growth factor rate for fiscal year 2022. The Contractor Registration Program registers contractors to ensure that all general and specialty contractors operating in Washington state have appropriate bonding and insurance. RCW 18.27.075 requires L&I to charge a fee for issuing or renewing a certificate of registration and to revise the fee at least once every two years for the purposes of recognizing economic changes as reflected by the fiscal growth factor under chapter 43.135 RCW. A fee increase is needed to ensure the program remains consistent with fee increases as required by statute and to help improve the program's fund balance.

Identify other federal and state agencies that regulate this subject and the process coordinating the rule with these agencies: None.

Process for developing new rule (check all that apply):

- Negotiated rule making
- Pilot rule making
- Agency study
