**EMERGENCY RULE ONLY**

- Under RCW 34.05.350 the agency for good cause finds:
- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
  - That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

# **Rule Proposal Attachment A**

## **Amendments to: Factory Assembled Structures Rules**

---

- **Purpose of this rule**

The purpose of this rulemaking is to:

- Adopt the most recent International Building Codes (based on 2003 legislative changes) and other nationally recognized codes and standards.
- Make clarifying and housekeeping changes.
- Moved the electrical inspection fee for factory assembled structures (FAS) to the FAS rules. This will reduce the costs to the manufacturers, as they will not be paying for the double inspections.
- Currently when conversion vending units come to Washington State from another state and it has been constructed for more than six months and has not been altered, the unit is exempt from L&I's rules. However, we do not issue an insignia for the structure stating it is exempt. Department of Health requires that L&I inspect the unit before DOH will certify it, therefore the unit must come back to L&I for inspection and issuance of insignia if the structure is deemed safe. This is causing businesses to come back to L&I three and four times when it is not needed. We are proposing to provide an exempt insignia through a one-time fee for inspection and the insignia. This will remove the need for businesses to pay more than once for an inspection.
