EMERGENCY RULE ONLY

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
 That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

Reasons for this finding:

The August 2, 2004 effective date of these rules is necessary to ensure for the public health, safety, and welfare associated with the statutorily mandated services (Chapter 19.28 RCW) provided by the Electrical Program (program). These rules remove the requirement to purchase a permit for maintenance work only on all components of an electrical sign. The removal of this permit will save electrical contractors money. The department believes this change will not adversely impact public safety.
