Purpose: Electrical Safety Standards, Administration, and Installation (Chapter 296-46B WAC). The primary purpose of this rulemaking is to update the electrical rules to adopt the current American National Standard Institute (ANSI) standards and the 2005 National Electrical Code (NEC), which are national consensus standards that the industry is already using. Changes also made the electrical rule easier to use and understand, corrected some typographical errors, and reformatting for usability. - That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
 That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.
