Purpose:

Currently our reporting requirements for workers with duties supporting more than one basic classification are addressed in three separate sections of Chapter 296-17 WAC. These are 296-17-31002 general rule definitions, 296-17-31017 multiple classifications, and 296-17-31020 employee supporting multiple business operations. There are situations that are not clearly addressed by any of our current regulations and others that can be applied to more than one of these regulations. The new rule clarifies our regulations by addressing all situations where a worker is supporting multiple basic classifications in a single new section of WAC 296-17-310171, how to report hours for employees supporting multiple business operations.
