Purpose:

The definition of the term "hospitalization" is being clarified to reduce confusion and bring our rules into line with OSHA's interpretation of the word.

There was some confusion about the requirement to report a hospitalization within eight hours in Chapter 296-800 WAC, Safety and Health Core Rules. This rulemaking will clarify that employers or an agent for the employer must report an employee's hospitalization within eight hours of the time the incident is reported to the employer or an agent of the employer.
