Purpose of the proposal and its anticipated effects, including any changes in existing rules:

- No requirements are changing because of this rulemaking.
- Consistent format for all DOSH safety and health rules.
- Easy to access rules for smart phone and table users.
- Bookmarks in the rules allow easy navigation in PDF files.
- Bullets and dashes are removed and replaced with numbers and letters for easier referencing.
- Enhances rule update efficiency for customers by allowing for faster updates through electronic postings.

Reasons supporting proposal: Stakeholders have expressed frustration that our rules on the web are confusing and difficult to access in real time. When the agency updated its website, template DOSH rules in HTML were broken and DOSH began forwarding rule users to the Office of the Code Reviser website, which caused more confusion. This rule package will resolve stakeholder issues that have caused confusion for rule users by bringing one clear and consistent format to all of our rules.
