Rule

WAC 296-900-11005

Applying for a variance

IMPORTANT:

- A variance provides an approved alternative to WISHA requirements to protect employees from a workplace hazard. Variances can be permanent or temporary.
- Variances will **not** be retroactive. Employers are obligated to follow WISHA requirements until the variance is granted.

You must

- Follow steps 1-5 to apply for a variance when you wish to use an alternative to WISHA requirements as a means to protect your employees.

Step 1: Decide what type of variance is needed by reviewing the types of variances in Table 1, Requesting a Variance.

Step 2: Complete a written application for the variance, following the requirements in Table 1, Requesting a Variance.

Note:

A form, Variance Application (F414-021-000), is available for requesting variances:

- From any L&I office.
- On our web site under Safety Forms, Variance Application
<http://www.lni.wa.gov/FormPublications/TablesForms/Safety/SafetyHealth.asp>

Reference:

For a list of the local L&I offices, see the Resources section of the Safety and Health Core Rules, Chapter 296-800 WAC.

-Continued-

WAC 296-900-11005

Applying for a variance (continued)

Step 3: Notify employees before submitting any type of variance request by doing all of the following:

- Posting a copy of the request on your safety bulletin board.
- Using other appropriate means for notifying employees who may not be expected to receive notices posted on the safety bulletin board. For example, provide a copy to a designated representative or the safety committee.

Step 4: Submit the written request, using one of the following means:

- Mail to:
Assistant Director
WISHA Services
P.O. Box 44650
Olympia, WA 98504-4650
- Fax to: 360-902-5438
- Take to any L&I office.

Step 5: After receiving a written decision from WISHA about your request, immediately notify affected employees of the decision by using the methods in Step 3.

You must

- Follow the specific requirements of the variance that WISHA has granted.

Note:

- If employers fail to follow Steps 1-5 above, the variance can't be granted.
- Citations may be issued for failing to follow a variance.
- Employers can always follow the original WISHA requirements instead of the variance requirements.
- If your variance is no longer necessary and you decide to follow the WISHA requirements instead, please advise WISHA in writing.

<p>Permanent variance</p> <p>Request a permanent variance if you can show that you will be providing alternate methods of protecting employees from hazards that are as effective as those provided by the requirements from which you are requesting relief.</p> <p>Note: A permanent variance remains in effect unless WISHA modifies or revokes it. Examples of reasons a variance might be revoked include:</p> <ul style="list-style-type: none"> - An employer requests the variance be revoked - Requirements that existed when the variance was approved are modified - The work location is changed 	<ul style="list-style-type: none"> • Employer name and address • Employer or employer representative signature • Work location and situations that apply to the variance • Which specific requirements you want to vary from, with WAC numbers • Description of proposed alternative methods of protection, and how they will protect employees • How employees will be notified: <ul style="list-style-type: none"> - About the variance request, as required in Step 2 - That they may request a hearing • The following notice on the first page of your posted application, written in large and clear enough print to be easily read: <p style="margin-left: 20px;">"Attention Employees: Your employer is applying to WISHA for a variance from safety and health requirements. You have a right to ask WISHA for a hearing on the variance request, but you must ask for the hearing in writing by (date*). If no hearing is requested, WISHA will act on the variance request without a hearing."</p> <p style="margin-left: 20px;">* This date must be 21 calendar days after the variance request is mailed or delivered.</p>
<p>Temporary variance</p> <p>Request a temporary variance if both of the following apply:</p> <ul style="list-style-type: none"> • New WISHA requirements can't be met for any of the following reasons: <ul style="list-style-type: none"> - Professional or technical people aren't available - Materials or equipment aren't available - Construction or alteration facilities can't be completed by the effective date of the requirements • You have an effective plan for meeting WISHA requirements as soon as possible <p>Note: Temporary variances remain in effect:</p> <ul style="list-style-type: none"> - Until current WISHA requirements are met - No longer than one year, unless extended 	<ul style="list-style-type: none"> • Provide all the information required above for permanent variances • Also provide all of the following: <ul style="list-style-type: none"> - An explanation of why WISHA requirements can't be met, including documentation that supports this belief - Steps that will be taken to protect employees until WISHA requirements can be met - When WISHA requirements will be met - A statement that this request is from a qualified person who has first hand knowledge of the facts represented.

Rule

WAC 296-900-14005

Reasons for monetary penalties

- WISHA **may** assess monetary penalties when a citation and notice is issued for any violation of safety and health rules or statutes.
- WISHA **will** assess monetary penalties under the following conditions:
 - When a citation and notice is issued for a serious, willful, or egregious violation.
 - When civil penalties are specified by statute as described in RCW 49.17.180.

Note:

In addition to penalties specified by WISHA, there are penalties specified by other statutes, such as:

- Asbestos construction projects, RCW 49.26.016.
 - Right to know (RTK)-MSDS, RCW 49.70.190.
 - Right to know-Penalty for late payment, RCW 49.70.177.
- The minimum civil penalties assessed by WISHA are:
 - 100 dollars for any penalty
 - 5,000 dollars per violation for all willful violations
 - 250 dollars per day for asbestos good faith inspection (RCW 49.26.016 and 49.26.013).

Base penalties

- WISHA calculates the base penalty for a violation by considering the following:
 - Specific amounts that are dictated by statute

or

 - By assigning a weight to a violation, called “gravity.” Gravity is calculated by multiplying a violation’s severity rate by its probability rate. Expressed as a formula:
Gravity = Severity x Probability

Note:

Most base penalties are calculated by the gravity method.

- Severity and probability are established in the following ways:
 - Severity:**
 - Severity rates are based on the most serious injury, illness, or disease that could be reasonably expected to occur because of a hazardous condition.
 - Severity rates are expressed in whole numbers and range from 1 (lowest) to 6 (highest). Violations with a severity rating of 4, 5, or 6 are considered serious.
 - WISHA uses Table 3, Severity Rates, to determine the severity rate for a violation.

Probability:

Definition:

A probability rate is a number that describes the likelihood of an injury, illness, or disease occurring, ranging from 1 (lowest) to 6 (highest).

- When determining probability, WISHA considers a variety of factors, depending on the situation, such as:
 - Frequency and amount of exposure.
 - Number of employees exposed.
 - Instances, or number of times the hazard is identified in the workplace.
 - How close an employee is to the hazard, i.e., the proximity of the employee to the hazard.
 - Weather and other working conditions.
 - Employee skill level and training.
 - Employee awareness of the hazard.
 - The pace, speed, and nature of the task or work.
 - Use of personal protective equipment.
 - Other mitigating or contributing circumstances.
- WISHA uses Table 4, Gravity Based Penalty, to determine the dollar amount for each gravity-based penalty, unless otherwise specified by statute.

Base penalty adjustments

- WISHA may adjust base penalties. Table 5, Adjusted Base Penalties, describes the various factors WISHA considers when adjusting a base penalty, and the effect on the fine.
 - The minimum adjusted base penalty for any violation carrying a penalty is 100 dollars.
 - The minimum penalty for willful violations is 5,000 dollars.
 - The maximum adjusted base penalty for a violation is 7,000 dollars.
- No adjustments are made to minimum penalty amounts specified by statute.

Note:

Repeat, willful, egregious, or failure-to-abate (failure to correct) penalty adjustments can exceed 7,000 dollars. See Increases to adjusted base penalties, WAC 296-900-14020, for those penalties.

You must

- Inform employees about violation corrections by doing the following:
 - Post a copy of each violation correction document submitted to WISHA, or a summary, near the place where the violations occurred, if practical.
 - If posting near the place where the violation occurred isn't practical, such as with a mobile work operation, post in a place readily accessible to affected employees or take other steps to fully communicate actions taken to affected employees or their representatives.
 - Keep violation correction information posted for at least 3 working days after submitting the correction documents to WISHA.
 - Give notice to employees and their representatives on or before the date you submit correction information to WISHA.
 - Make sure that all posted correction documents aren't altered, defaced, or covered by other materials.
- Inform employees and their representatives of their right to examine and copy all correction documents submitted to WISHA.

Tag moveable equipment

You must

- Tag moveable equipment that has been cited to warn employees if a hazard hasn't been corrected, as follows:
 - Attach a warning tag or a copy of the citation to the equipment's operating controls or to the cited component.
 - For hand-held equipment, tag it immediately after you receive a citation.
 - For other equipment, tag it before moving it within the worksite or between worksites.

Note:

The tag should warn employees about the nature of the violation and tell them where the citation is posted.

Reference:

For a sample tag that meets this requirement, go to helpful tools, Sample Tag for Cited Moveable Equipment, in the Resources section of this chapter.

You must

- Make sure that the tag or copy of the citation attached to movable equipment isn't altered, defaced, or covered by other materials.
- Keep the tag or copy of the citation attached to movable equipment until one of the following occurs:
 - Violations have been corrected and all certification documents have been submitted to WISHA.
 - Cited equipment is permanently removed from service.
 - The final order from an appeal vacates (voids) the violation.

Note:

Safety Standards for Construction Work, Chapter 296-155 WAC, has information on warning tags. You can use warning tags that meet those requirements instead of the warning tags required by this rule.

What to expect from DOSH:

 - Review citations, penalties, and abatement dates. Although informal, the conference is an official meeting and it may be either partially or totally recorded. Participants will be told if the conference is recorded.
 - Review requests to stay abatement dates.
- On or before the end of the 30 working day review period, or forty-five working days if everyone involved agrees to the fifteen additional working day extension, DOSH will issue a corrective notice of redetermination that:

 - Grants or denies requests to stay abatement dates and includes the basis of the decision.
 - Is sent to the employer, employees, and employee representatives participating in the appeal process.

- (4) The basis for decisions on stay requests will be in the CNR.
- (5) If a stay of abatement date is granted in the CNR and the employer appeals the CNR, the stay will remain in place until there is a final order on the appeal.

The SAC will have eight to ten members, including equal numbers of employer and employee representatives, and others with relevant experience and expertise. Members will be appointed to serve three-year renewable terms by the assistant director of the division of occupational safety and health (DOSH). WAC 296-900-17525 Application.

 - (c) Prioritize and select, by a majority vote of the eligible voting members, those projects recommended for funding;
 - (d) Forward funding recommendations to the SAC and the assistant director of DOSH.
- (3) The assistant director of DOSH, after consulting with the SAC, will make a final decision on project approval and funding.
 - (a) Safety and health projects, regardless of size, will be based on the ability of the project to foster accident prevention through cooperation between employers and employees or their representatives; the likelihood of reducing workplace injuries, illnesses, or fatalities; and by the ability of the applicant to achieve project goals. Assessment will be based on an objective scoring method developed by the department.

-
- (b) Return-to-work project approval, regardless of size, will be based on the ability of the project to foster return-to-work through cooperation between employers and employees or their representatives, the likelihood of increasing return-to-work, and the ability of the applicant to achieve project goals. Assessment will be based on an objective scoring method developed by the department.
 - (c) If the assistant director rejects an application the grant-review committee has recommended for funding or approves an application the grant-review committee recommended for denial, the assistant director will provide a written explanation to the SAC. The SAC may request reconsideration of such a decision by a majority vote of the voting members, with a minority report allowed. The assistant director will reconsider the decision in consultation with the director.
- (4) Applicants will be notified in writing when their application is approved or not approved for funding.
 - (5) Upon approval of an application and before project activities begin, the department and the applicant will enter into a written agreement. The agreement will:
 - (a) Include the approved application packet in its entirety, which outlines the project scope and timelines, activities, work plan, milestones, and products; and
 - (b) Spell out the terms and conditions governing the project, project participants, and the products resulting from the project.

- (2) Outcomes are the final products that will be produced by the project.

WAC 296-900-17540 Suspension or revocation of funding.

- (1) The assistant director of DOSH may suspend or revoke funding for a project if advised by the SHIP program staff or the SAC that:
 - (a) The recipient is not in compliance with project award terms;
 - (b) There are unapproved funding expenditures; or
 - (c) There are compelling and substantive reasons.

- (2) Any suspension or revocation will:
- (a) Be in writing and delivered by either personal service or certified mail. The suspension or revocation will be effective upon service or five days after being mailed by certified mail;
 - (b) Include the reasons for suspension or revocation; and
 - (c) Be subject to appeal as described in chapter 34.05 RCW, the Administrative Procedures Act and contain an explanation of how to appeal the department's decision.
