

Respirator Program Administrator

Chapter 296-842 WAC

Rule

WAC 296-842-10505

Designate a program administrator

Exemption:

You do not need to designate a program administrator if employees use only filtering-facepiece respirators and do so only as voluntary use.

Definition:

Voluntary use is respirator use that's requested by the employee **and** permitted by the employer when **no** respiratory hazard exists.

Designate a program administrator who has overall responsibility for your program and has sufficient training or experience to oversee program development, coordinate implementation, and conduct required evaluations of program effectiveness outlined in WAC 296-842-12005.

Notes
