- Rejected 2,455 (10%)

COVID-19 claims: 24,293

- Filed by healthcare workers: 52%
- Filed by first responders: 14%
- Filed by workers in other industries: 34%

Includes both state fund and self-insured claims received 3/1/2020-4/30/2023.

Important notes:
The consultations and inspections above involved a COVID-19 safety complaint or resulted in a COVID-19 safety violation. However, all consultations and inspections by L&I's Division of Occupational Safety and Health (DOSH) review compliance with COVID-19-related health and safety regulations. Since March 2020, DOSH has completed 14,425 on-site inspections and 5,835 consultations. Previous versions of this report included additional Mask & Safe Start enforcement counts; between 6/1/2020 and 6/30/2021, 13,146 COVID-19-related spot checks were conducted, and 3,370 warning letters were issued.

Detailed data definitions are available.
