Dear Mr. Weber:

Thank you for your February 18, 2004 letter in which you requested a determination on the appropriate classification for "install[ing] and hug[ging] fabric onto the post" in conjunction with "combination silt fence and construction barrier fence" installation.

Enclosed is a determination made by the department on September 9, 1998 that is directly relevant to the determination you are seeking.

Consistent with the prior determination, the appropriate classification for the work described in your letter is that of the Construction Laborer.

I hope this letter serves to provide the information you requested. Please do not hesitate to contact me at 360-902-5330 with any further questions.

Sincerely,

Josh Swanson
