Please read this information before completing the affidavit form below.

- There can be no errors, whiteouts, alterations, or additions on this form. You must submit the original. Print clearly.
- The department cannot credit hours worked during any times that the electrical training certificate or electrical contractor license were not active. Don't report any such hours on the affidavit. Each time frame requires a separate affidavit.
- An affidavit needs to be filled out for each continuous time frame of hours worked. If the trainee stops doing electrical work for any period of time, that time frame ends and a new one begins. Each time frame requires a separate affidavit.
- See WAC 296-46B-920 about scope-of-work for electrical specialties. All training hours must be separated and submitted in the proper category.
- Work in the specialty categories requires supervision by a journey level or specialty electrician in a ratio of 1 electrician to 2 trainees.
- If the experience is from out of state, you must provide verification of your experience as defined in WAC 296-45B-945(7-10).
- Electrical training hours gained in specialties requiring less than 4,000 (2 years) for certification may not be credited toward qualification for journey level electrician. See WAC 296-46B Table 945-1 for detail.
