

Online Electrical Services

Tools for property owners, contractors and electricians

Electrical Program Web site

www.ElectricalProgram.Lni.wa.gov

You'll find up-to-date information about Washington laws regarding electrical installations and repairs, including quick links to:

- Contractor and electrician information
- L&I electrical staff contact information
- Basic property owner information
- Permits and inspections online
- Electrician examination information
- License and certificate renewal
- Monthly newsletter
- Forms and publications
- Continuing education classes

Electrical listserv

Now you can keep informed about things that are important in Washington State's electrical industry by joining the Electrical Program's listserv. You'll receive automatic notices by e-mail, including the monthly *Electrical Currents* newsletter. Visit www.Lni.wa.gov/Main/Listservs/Electrical.asp and sign up now.

Home and business owner information

You'll find answers to all your basic questions about the permit/inspection process, disaster information and more at www.ElectricalBasics.Lni.wa.gov.

Get contractor and electrician information or report a violator

- To view the license status of companies and individuals, go to www.ElectricalBasics.Lni.wa.gov and click on "Hire an Electrical Contractor?"
- To look for compliance history of companies and individuals or to report a violator, go to www.ElectricalProgram.Lni.wa.gov and click on "Violators."

Get a permit and inspection

Get a permit and request your inspection online at www.ElectricalPermitsInspections.Lni.wa.gov. When you buy your permit online, your inspection information (pass, fail, corrections, etc.) will also be available to you.

Get administrator and electrician examination information

View and download examination types, content, timeframes, testing and general information at: www.ElectricalRenew.Lni.wa.gov.

Renew your electrical license or certificate

To renew online using a credit card payment, go to www.ElectricalRenew.Lni.wa.gov and click on "Electrical Licenses & Certificates." In most cases, you will get an instant renewal.

Sign up for the monthly newsletter

The *Electrical Currents* newsletter contains articles on laws, rules, interpretations and other articles of interest to the electrical community. Read it online or sign up at www.ElectricalProgram.Lni.wa.gov. Click on "What's new for Electrical Professionals."

Electrical forms and publications online

Visit www.ElectricalProgram.Lni.wa.gov and scroll down to "Forms and Publications."

Continuing education information

For classes and schedules, visit www.ElectricalRenew.Lni.wa.gov and click on "Educational Requirements."

Other L&I topics

For more information about workers' compensation, safety and health, minimum wage, teen workers, and other L&I topics, visit www.Lni.wa.gov.
