WAC 296-46B-942 Training certificate required.

General.

- (1) To work in the electrical construction trade as an electrical trainee, an individual must possess, wear, and visibly display a current valid electrical training certificate, learning the trade in the proper ratio, per RCW [19.28.161](#), under the supervision of a certified master journey level electrician, journey level electrician, master specialty electrician working in their specialty, or specialty electrician working in their specialty.
The trainee must meet all the requirements of WAC [296-46B-940](#) related to visibly displaying a current certificate and having a valid photo identification on his/her person.
Beginning July 1, 2023, unless working in a specialty, apprentices and individuals learning the electrical construction trade must have in their possession proof of apprenticeship or journey level training program registration. They must show their apprenticeship or training program registration documents to an authorized representative of the department at the representative's request.
- (2) An active training certificate is required for all individuals throughout the individual's enrollment and matriculation in an approved construction electrician training school program described in RCW [19.28.191](#). A training certificate is required to work in the electrical construction trade if an individual does not:
 - (a) Possess a current journey level certificate of competency issued by the department;
 - (b) Possess a current specialty electrician certificate of competency issued by the department while working in that specialty's scope of work; or
 - (c) Is not working in exempt status as allowed by chapter [19.28](#) RCW.
- (3) Trainees who have had their training certificates revoked or suspended (during the duration of the revocation or suspension) will not be issued a training certificate.

Original training certificates.

- (4) The department will issue an original training certificate when the trainee applicant submits a complete training certificate application including:
 - (a) Date of birth, mailing address, Social Security number; and
 - (b) All appropriate fees as listed in WAC [296-46B-909](#).
 All applicants for an electrical training certificate must be at least sixteen years of age. The original training certificate will be valid for two years.
If an individual has previously held an electrical training certificate, then that individual is not eligible for a subsequent original training certificate.

Specialty specific – Zero percent and seventy-five percent supervision modified training certificates.

- (5) For specialties as allowed in Table 945-1 (i.e., specialties with seven hundred twenty minimum hours of work experience required to be eligible for examination):
 - (a) The department will approve the trainee to take the appropriate specialty competency examination necessary to qualify for a zero percent supervision modified training certificate. To qualify, the trainee applicant must submit a complete zero percent supervision modified training certificate application including:
 - (i) Date of birth, mailing address, Social Security number;
