Purpose: The purpose of this rulemaking is to adopt a 5.79 percent fee increase for the Electrical program to support operating expenses for electrical inspections and other program public safety activities. This is the Office of Financial Management's (OFM) maximum allowable fiscal growth rate for fiscal year 2022. The program's budget and projected revenue were evaluated and a fee increase is needed to support the cost of ongoing services. A fee increase enables the program to continue providing quality and timely services to assure safe electrical installations and inspections in homes, businesses, industry and institutions to protect people and property from electrical hazards.
