The [Washington State Department of Labor & Industries](#) (L&I) will hold a public hearing on the proposed amendments to the boiler fees under [WAC 296-104-700, What are the inspection fees—Examination fees—Certificate fees—Expenses?](#). The purpose of the hearing is to receive public comment on the proposed amendments.

The [Board of Boiler Rules](#) and L&I are proposing a fee increase of 5.58% for boiler and pressure vessel inspections and other Boiler Program public safety activities. This is the Office of Financial Management's maximum allowable fiscal growth factor rate for fiscal year 2023.

L&I evaluated the budget and projected revenue of the program. A fee increase is needed to support the cost of ongoing services.

You can review the proposed rules [here](#) or by clicking on the program's [Laws & Rules](#) page.

If you require communication or accommodation arrangements, please contact Alicia Curry at 360-902-6244, before February 1, 2022.
