INTRODUCTION

This document is an apprenticeship program standard. Apprenticeship program standards govern how an apprenticeship works and have specific requirements. This document will explain the requirements.

The director of the Department of Labor and Industries (L&I) appoints the Washington State Apprenticeship and Training Council (WSATC) to regulate apprenticeship program standards. The director appoints and deputizes an assistant director to be known as the supervisor of apprenticeship who oversees administrative functions through the apprenticeship section at the department.

The WSATC is the sole regulatory body for apprenticeship standards in Washington. It approves, administers, and enforces apprenticeship standards, and recognizes apprentices when either registered with L&I's apprenticeship section, or under the terms and conditions of a reciprocal agreement. WSATC also must approve any changes to apprenticeship program standards.

Apprenticeship programs have sponsors. A sponsor operates an apprenticeship program and declares their purpose and policy herein to establish an organized system of registered apprenticeship education and training. The sponsor recognizes WSATC authority to regulate and will submit a revision request to the WSATC when making changes to an apprenticeship program standard.

Apprenticeships are governed by federal law (29 U.S.C 50), federal regulations (29 CFR Part 29 & 30), state law (49.04 RCW) and administrative rules (WAC 296-05). These standards conform to all of the above and are read together with federal and state laws and rules

Standards are changed with WSATC approval. Changes are binding on apprentices, sponsors, training agents, and anyone else working under an agreement governed by the standards. Sponsors may have to maintain additional information as supplemental to these standards. When a standard is changed, sponsors are required to notify apprentices and training agents. If changes in federal or state law make any part of these standards illegal, the remaining parts are still valid and remain in force. Only the part made illegal by changes in law is invalid. L&I and the WSATC may cooperate to make corrections to the standards if necessary to administer the standards.

Sections of these standards identified as bold "**insert text**" fields are specific to the individual program standards and may be modified by a sponsor submitting a revised standard for approval by the WSATC. All other sections of these standards are boilerplate and may only be modified by the WSATC. See WAC 296-05-003 for the definitions necessary for use with these standards.

I. GEOGRAPHIC AREA COVERED:

The sponsor must train inside the area covered by these standards. If the sponsor wants to train outside the area covered by these standards, the sponsor must enter a portability agreement with a sponsor outside the area, and provide evidence of such an agreement for compliance purposes. Portability agreements permit training agents to use apprentices outside the area covered by the standards. Portability agreements are governed by WAC 296-05-009.

The Weyerhaeuser Company plant in Raymond, Washington

II. MINIMUM QUALIFICATIONS:

Minimum qualifications must be clearly stated and applied in a nondiscriminatory manner [WAC 296-05-015(17)].

Age: **At least 18 years of age**

Education: **None**

Physical: **None**

Testing: **None**

Other: **None**

III. CONDUCT OF PROGRAM UNDER WASHINGTON EQUAL EMPLOYMENT OPPORTUNITY PLAN:

Sponsors with five (5) or more apprentices must adopt an Equal Employment Opportunity (EEO) Plan and Selection Procedure (chapter 296-05 WAC and 29 CFR Part 30).

The recruitment, selection, employment and training of apprentices during their apprenticeship shall be without discrimination because of race, sex (including pregnancy and gender identity), sexual orientation, color, religion, national origin, age, genetic information, disability or as otherwise specified by law. The sponsor shall take positive action to provide equal opportunity in apprenticeship and will operate the apprenticeship program as required by the rules of the Washington State Apprenticeship and Training Council and Title 29, Part 30 of the Code of Federal Regulations.

A. Selection Procedures:

Apprentices shall be selected by the established job posting procedure as outlined in the current Collective Bargaining Agreement. The senior applicant that meets all of the requirements set forth under the minimum qualifications will be selected when

WEYERHAEUSER COMPANY APPRENTICESHIP COMMITTEE

entering an apprentice into the first step of either the Industrial Maintenance Electrician or Industrial Millwright Program.

When deemed necessary and agreed upon by the Apprenticeship Committee and Weyerhaeuser Management, and in agreement with our Collective Bargaining Agreement, postings for a higher than First Step Apprentice will be entertained. The selection process in these cases will include the minimum qualifications, and test scores from the final testing of the respective trade to be entered. The Committee will review these tests along with documented previous training and/or experience and will credit hours for areas of competencies. The Committee will then adjust the regularly laid out OJT and RSI to allow exposure and training in the areas of weakness, allowing a person to reach journey status in a shorter time period.

B. Equal Employment Opportunity Plan:

1. **Participate in any workshops conducted by employment service agencies for the purpose of familiarizing school, employment service and other appropriate personnel with the apprenticeship system and current opportunities therein.**
2. **Internal communication of the sponsor's equal opportunity policy in such a manner as to foster understanding, acceptance, and support among the sponsor's various officers, supervisors, employees and members and to encourage such persons to take the necessary action to aid the sponsor in meeting its obligations under these rules.**
3. **Granting advance standing or credit on the basis of previously acquired experience, training, skills, or aptitude for all applicants equally.**

C. Discrimination Complaints:

Any apprentice or applicant for apprenticeship who believes they have been discriminated against may file a complaint with the supervisor of apprenticeship (WAC 296-05-443).

IV. TERM OF APPRENTICESHIP:

The term of apprenticeship for an individual apprentice may be measured through the completion of the industry standard for on-the-job learning (at least two thousand hours) (time-based approach), the attainment of competency (competency-based approach), or a blend of the time-based and competency-based approaches (hybrid approach) [WAC 296-05-015].

The term of apprenticeship shall be 8000 hours of reasonably continuous employment.

WEYERHAEUSER COMPANY APPRENTICESHIP COMMITTEE

V. INITIAL PROBATIONARY PERIOD:

An initial probationary period applies to all apprentices, unless the apprentice has transferred from another program. During an initial probationary period, an apprentice can be discharged without appeal rights. An initial probationary period is stated in hours or competency steps of employment. The initial probationary period is not reduced by advanced credit or standing. During an initial probationary period, apprentices receive full credit for hours and competency steps toward completion of their apprenticeship. Transferred apprentices are not subject to additional initial probationary periods [WAC 296-05-003].

The initial probationary period is [WAC 296-05-015(22)]:

- A. the period following the apprentice's registration into the program. An initial probationary period must not be longer than twenty percent of the term of the entire apprenticeship, or longer than a year from the date the apprenticeship is registered. The WSATC can grant exemptions for longer initial probationary periods if required by law.
- B. the period in which the WSATC or the supervisor of apprenticeship may terminate an apprenticeship agreement at the written request by any affected party. The sponsor or the apprentice may terminate the agreement without a hearing or stated cause. An appeal process is not available to apprentices in their initial probationary period.

The initial probationary period shall not exceed the first 240 hours of employment as a registered apprentice.

VI. RATIO OF APPRENTICES TO JOURNEY LEVEL WORKERS

Supervision is the necessary education, assistance, and control provided by a journey-level employee on the same job site at least seventy-five percent of each working day, unless otherwise approved by the WSATC. Sponsors ensure apprentices are supervised by competent, qualified journey-level employees. Journey level-employees are responsible for the work apprentices perform, in order to promote the safety, health, and education of the apprentice.

- A. The journey-level employee must be of the same apprenticeable occupation as the apprentice they are supervising unless otherwise allowed by the Revised Code of Washington (RCW) or the Washington Administrative Code (WAC) and approved by the WSATC.
- B. The numeric ratio of apprentices to journey-level employees may not exceed one apprentice per journey-level worker [WAC 296-05-015(5)].
- C. Apprentices will work the same hours as journey-level workers, except when such hours may interfere with related/supplemental instruction.

WEYERHAEUSER COMPANY APPRENTICESHIP COMMITTEE

- D. Any variance to the rules and/or policies stated in this section must be approved by the WSATC.
- E. The ratio must be described in a specific and clear manner, as to the application in terms of job site, work group, department or plant:

In no case may the ratio exceed one (1) apprentice for each journey level worker per shift

VII. APPRENTICE WAGES AND WAGE PROGRESSION:

- A. Apprentices must be paid at least Washington’s minimum wage, unless a local ordinance or a collective bargaining agreement require a higher wage. Apprentices must be paid according to a progressively increasing wage scale. The wage scale for apprentices is based on the specified journey-level wage for their occupation. Wage increases are based on hours worked or competencies attained. The sponsor determines wage increases. Sponsors must submit the journey-level wage at least annually or whenever changed to the department as an addendum to these standards. Journey-level wage reports may be submitted on a form provided by the department. Apprentices and others should contact the sponsor or the Department for the most recent Journey-level wage rate.
- B. Sponsors can grant advanced standing, and grant a wage increase, when apprentices demonstrate abilities and mastery of their occupation. When advanced standing is granted, the sponsor notifies the employer/training agent of the wage increase the apprenticeship program standard requires.
- C. Wage Progression Schedules OR **Insert Occupational Name**

Step	Number of hours/months	Percentage of journey-level rate
1	0000 – 1000 hours	74.0%

Hours spent in RSI are reported to L&I each quarter. Reports must show which hours are unpaid and supervised by a competent instructor versus all other hours (paid and/or unsupervised) for industrial insurance purposes.

For purposes of coverage under the Industrial Insurance Act, the WSATC is an employer and the apprentice is an employee when an unpaid, supervised apprentice is injured while under the direction of a competent instructor and participating in RSI activities.

If apprentices do not attend required RSI, they may be subject to disciplinary action by the sponsor.

1. Voluntary Suspension: A temporary interruption in progress of an individual's apprenticeship agreement at the request of the apprentice and granted by the sponsor. The program sponsor shall review apprentices in suspended status at least once each year to determine if the suspension is still appropriate.
2. Advanced Standing or Credit: The sponsor may provide for advanced standing or credit for demonstrated competency, acquired experience, training or education in or related to the occupation. All sponsors need to ensure a fair and equitable process is applied to all apprentices seeking advanced standing or credit per WAC 296-05-015(11).
3. Sponsor Procedures:
 - a. **If an apprentice passes all testing and petitions for early advancement to journey-level worker and if the committee unconditionally grants this request, the advancement date will be the date of completing the test.**
 - b. **Failure to maintain employment with the Weyerhaeuser Company in Raymond will result in automatic cancellation of the apprenticeship agreement.**

WEYERHAEUSER COMPANY APPRENTICESHIP COMMITTEE

- c. On six-month intervals an Apprentice must take the Final Step Test on or before the six-month anniversary date (Example: From 1-6-92 to 7-6-92). If the Apprentice does not pass the final test for any one six-month period, the Apprenticeship Committee will meet to review the Apprentice's situation.**
- d. At that point, the Apprenticeship Committee will issue grace time or make the decision to dismiss the Apprentice from the program. The Apprentice will have the opportunity to present his case or extenuating circumstances to the Committee for leniency.**

Policy for Apprenticeship Testing

All book testing will be administered out of our Main Front Office. When an Apprentice is ready for testing, either a book test of a final step test, he/she needs to make arrangements with the office receptionist or their delegate to schedule a test time, and a room to use for taking the test.

When an apprentice reaches the end of a step progression they will notify their immediate foreman, or the designated person, two weeks prior to the due date of the step advancement date that they are prepared to take the end of step test. The company will have the obligation to provide the test within the next 20 workdays, or the testing will be waived and the advancement will be given automatically.

All tests, except for steps 7 & 8 of the electrical apprenticeship, must be taken in one sitting. An Apprentice may not leave and come back at a later time to finish the test. If an Apprentice does not complete a test he/she will have to retake the whole test at the next sitting. A test may be taken up to three times to achieve a passing grade of 70% or above. If after the third try a passing grade is still not achieved, the Apprentice must notify the Committee, and a special meeting will be held to decide what course of action will be taken. Note: This could result in removal from the Apprentice Program.

Testing must be successfully completed on or before the due date given to the Apprentice for the current step he/she is in. If this date cannot be met, the Committee must be petitioned in writing, in advance of this date. The Apprentice must state the reason for not being able to complete all the testing for the given step, on or before the date required. The Committee will meet and respond back as to what course of action need be taken.

If a test is taken and not successfully passed, the apprentice may review the test to see which questions were missed, but may not have the correct answers shared with them. The test may be retaken the same day or at a later date. The whole test must be retaken.

WEYERHAEUSER COMPANY APPRENTICESHIP COMMITTEE

After achieving a passing grade (70% or above) the apprentice may ask to review their test and inquire about the right answers for the questions missed, but only for a passed test.

All tests are closed book tests except for steps 7 & 8 of the electrical program. Programmable devices such as, calculators, PDAs, pocket computers, or cell phones are not allowed. A non-programmable calculator may be used while taking any test.

An Apprentice may receive their next set of books as soon as they successfully complete all the testing for the step they are in.

NOTE: Notice may be given to get material and/or books ordered in advance of this time - due to the fact that it normally takes 10-14 days to receive the material/books after placing the order.

A disciplinary probation may only be assessed after the initial probation is complete.
