REQUEST FOR CANCELLATION OF PROGRAM

Rec 9/5/2025 *AN*

L&I apprenticeship coordinator

TO: Washington State Apprenticeship & Training Council

From: Todd Ainsworth

Teri Gardner 9-8-25

Independent Technicians Automotive Committee (iTAC) #2162

(NAME OF PROGRAM)

Check Type of Standards being requested to be cancelled:

☒ Committee ☐ Plant ☐ OJT

Number of Registered Apprentices or Trainees: 0

Reason(s):

Due to the ongoing corrective action plan tasks, the iTAC committee has chosen to cancel our Washington State registration at this time to better focus on strengthening and expanding our program. By stepping away from these requirements, we gain the flexibility to grow more effectively, create new opportunities, and provide stronger support to our training agents and apprentices without interruption. This decision allows us to advance our program without restrictive deadlines.

Our focus remains on building a strong foundation that supports long-term growth and sustainability, ensuring that each improvement enhances both quality and accountability. While the new requirement for a certified instructor is outside the scope of our current training plans and resources, we remain committed to aligning our program with continuing evolving standards.

We will also maintain all records for the required five years in accordance with WAC regulations. As we grow, we will expand our program with greater accountability in RSI tracking and the management of accepted RSI hours. These improvements will ensure that, should we choose to reapply with the state in the future, we will be well-prepared and strongly positioned for long-term success.

We respectfully request to cancel our state registration of the iTAC apprenticeship program.
