Apprenticeship Consultant

Department of Labor and Industries

Dear Shawn,

I am writing this to request that Hampton Lumber – Randle mill's apprenticeship program be fully cancelled. Hampton Lumber – Randle has offered apprenticeship to individuals for well over a decade and has had much success over this time. Apprenticeship holds a special place personally as I myself went through this very apprenticeship at the Randle mill several years ago and value the education and experiences gained through apprenticeship. With this said, it has become apparent the past couple of years that apprenticeship no longer fits the needs of our department or our facility as a whole.

I do wish to thank you individually, as well as all of the other apprenticeship consultants over the years that not only helped to make apprenticeship at Hampton Lumber – Randle a reality, but also offered their support and tutelage long after the program's inception. Again, I thank you all. Please do not hesitate to contact me should you have any questions.

Regards,

Aaron Poquette
