## REPORT TO THE WASHINGTON STATE APPRENTICESHIP & TRAINING COUNCIL

### Apprenticeship Enrollments

There are currently 19 colleges with approximately 160 active apprenticeship programs<sup>1</sup>. During the fall quarter, 2021, 16 colleges had apprentices enrolled in their active programs.

- Headcount for apprentices in the fall quarter of 2021 = 7,752 (fall 2020 was 7,208), representing an increase of 7.55% from 2020.
- Full Time Equivalent Student (FTES) enrollment for fall quarter of 2021 = 3,702.7 (fall 2020 was 3,242), representing an increase of 14.2%.
- This marks the second quarter that we have seen a growth in apprenticeship enrollments, after six quarters of decline, which followed twenty-six consecutive quarters of growth.
- This is the second quarter reported for Fiscal Year 2022 (FY22). The annual numbers for FY22 will be completed at the end of spring 2022.

To put the current numbers in perspective, FY22 fall quarter FTES have nearly recovered to pre-pandemic levels. That said, FY22 enrollments and FTES are ahead of FY17, but still lower than FY18. As economic recovery from the pandemic continues, we anticipate apprenticeship enrollment to continue a growth trend in FY22.
