Effective date of rule:

Emergency Rules

- Immediately upon filing.
 Later (specify)

Any other findings required by other provisions of law as precondition to adoption or effectiveness of rule?

- Yes No If Yes, explain:

Purpose:

The Department of Labor & Industries (L&I) is responding to the coronavirus disease 2019 (COVID-19) pandemic by amending WAC 296-800-14035 related to prohibited business activities and compliance with conditions for operations under emergency proclamations and their amendments issued under RCW 43.06.220.

Under the emergency rule:

- Employers must not allow employees to perform work where a business activity is prohibited by an emergency proclamation.
- Employers must comply with all conditions for operation required by emergency proclamation.

L&I is monitoring the emergency proclamations, information including guidance from the Center for Disease Control (CDC), and data on COVID-19 and will repeal the emergency rule if no longer needed.

EMERGENCY RULE

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

Reasons for this finding: This emergency rulemaking supersedes the emergency rule adopted on February 16, 2022, filed as WSR 22-05-097. Conditions have changed due to the updated Proclamation 20-25.19, Washington Ready rescinding the face covering requirement in most settings. L&I is taking action to help prevent the spread of COVID-19 and respond to the Governor's Proclamations establishing conditions for business operations consistent with the recommendations of medical and safety professionals as to how businesses may continue operation without increasing the risk of COVID-19 spreading. L&I filed a Preproposal Statement of Inquiry (CR-101) in accordance with 2021's Engrossed Substitute Senate Bill 5092, Section 220(8) related to infectious diseases to ensure the state has general guidelines to follow in the case of an infectious disease outbreak. This would include when there is an outbreak subject to a public health emergency under a national or state declared state of emergency.

As discussed in Proclamation 20-25.19, face covering requirements in most settings was rescinded due to the continued reduction in COVID-19 cases and hospitalizations in the state. Under Proclamation 20-25.19, face coverings continue to be required in health care settings, long-term care settings, and correctional and jail facilities for both employees and visitors. For these settings, employees who are verified as vaccinated do not have to wear a face covering at the employer's worksite in indoor areas not generally assessable to the public only if the employer has verified they are fully vaccinated. The

prohibitions for any state agency, operator of an education setting, and operator of a health care setting to permit workers to engage in work if the worker is not fully vaccinated against COVID-19 and provided proof of vaccination status under Proclamation 21-14.3 are also still in effect.

Business operations and employee exposures are one component of the overall public health emergency response presented by COVID-19 and ensuring compliance with the Proclamation requirement helps to protect the safety and health of employees.

The business operating conditions in the Governor's orders are also consistent with the purpose of chapter 49.17 RCW and guidance from the Center for Disease Control and Prevention. Chapter 49.17 RCW and L&I rules require employers to provide a safe and healthy workplace free from recognized hazards, and an employer can be cited for a violation of the "safe place" rule where there are no specific rules to address the particular hazard. Lack of COVID-19 hazard controls such as failure to address symptomatic employees can be cited under the safe place standard. This emergency rule ensures clarity that restrictions and conditions on business under the emergency proclamations are also health and safety requirements under chapter 49.17 RCW and that employers can be subject to a citation and monetary penalties for violations.

This emergency rule is necessary for the preservation of public health, safety, and general welfare of all employees. The Governor's Proclamations have found that the hazards of the unnecessary spread of COVID-19 present an immediate threat to public health and safety. The Governor's Proclamations are currently in effect, and observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest and the Governor's orders.

L&I is monitoring the emergency proclamations, information including guidance from the Center for Disease Control (CDC), and data on COVID-19 and will repeal the emergency rule if no longer needed.
