Statutes authorizing the agency to adopt rules on this subject: Chapter 43.22 RCW and chapter 43.22A RCW

Reasons why rules on this subject may be needed and what they might accomplish: L&I is considering increasing fees by the fiscal growth factor for factory-assembled structures to cover increased operating costs and new technology improvements for the Factory Assembled Structures Program. The current fee levels are insufficient to cover current Program expenses. The fee increase is necessary to ensure that revenues match expenditures, otherwise service levels may need to be reduced.

Identify other federal and state agencies that regulate this subject and the process coordinating the rule with these agencies: None

Process for developing new rule (check all that apply):

- Negotiated rule making
- Pilot rule making
