- Yes No If Yes, explain:

Purpose: The department reviewed these chapters and made revisions to: correct typographical and other errors (such as invalid or outdated references), specifically, making corrections to classification references which changed as a result of a prior rulemaking for a number of classifications; revise wording and formatting to make the rules easier to understand and apply; and incorporate and formalize existing agency practices (such as expressly including in a risk classification employment that the department currently includes by interpretation or analogy). This rulemaking does not make changes to how the department classifies employment, but updates the classification plan to ensure it is clear and understandable. These changes do not impact the way we calculate employer rates, our reporting requirements, or how we classify businesses.
