Statutes authorizing the agency to adopt rules on this subject: RCWs 51.16.035, 51.04.020(1), and 51.18.010

Reasons why rules on this subject may be needed and what they might accomplish: Labor and industries is required by law to establish and maintain a workers' compensation classification plan, and to set premium rates that are: 1) the lowest necessary to maintain actuarial solvency of the accident and medical aid funds; and 2) designed to attempt to limit fluctuations in premium rates. - Agency study
- Other (describe) Premium rates for each classification are developed in part from the past loss

experience of employers subject to the classification, changes in benefit levels mandated by law or court decisions, medical inflation, economic and business trends and financial markets.
