

Xaanshida Tilmaamaha Badqabka ee Janitorial

Taxanayaasha tilmaamaha caafimaadka iyo badqabka si looga hortago dhaawacyada shaqada kadhaha ee warshada janitorial

Kiimikooyinka aan la calaamadeynin waxay noqon karaan khatar!

Gu'ga 2024

Marnaba haku shubin kiimikooyin caagagga biyaha, koobabka, ama weelashada kale ee wax lagu cabbo

Had iyo jeer kiimikooyinka ku shub weelal si cad u calaamadeysan

- Weelka asalka ee soosaaraha oo leh calaamadda badeecada ayaa ugu wanaagsan – haddii xaaladiisu ay wanaagsan tahay (beddel weelal kastoo dillaaca ama ay qaybo ka maqan yihiin)
 - Ka eeg soosaaraha kiimikada shuruudaha caagga buufiska loo adeegsado
- Haddii aad ku qasban tahay in aad isticmaasho weel kale—ka fogaaw kuwa caadi ahaan loo isticmaalo in wax lagu cabbo
- Calaamadee weelka cusub—isticmaal weelka kiimikada iyo macluumaad kastoo khatar ah ee ku qoran baakadda asalka ah
 - Icticmaal astaamaha khatarta ee caalamiga ah
- Kuddaridda calaamado digniin oo luuqado kale ku qoran ayaa sidoo kale loo baahan karaa
